*Best and Cheapest
Seeds that Grow.*

J. J. BELL'S
SEED CATALOGUE.
—1903—

Bell's Seeds were awarded a GOLD MEDAL at the Pan-American Exposition for Purity and Quality.

J. J. BELL, DEPOSIT, BROOME CO., N. Y.

J. J. Bell, of Deposit, the seedsman who won the Gold Medal at the Pan-American, is the largest dealer in seeds in Central New York and eminently deserves the success he has won. Mr. Bell handles a complicated business with masterly care and no detail escapes him. His seeds are strictly fresh and reliable and give invariable satisfaction. **Mr. Bell will deal with you square every time — Part of an article on the great industries of New York villages, in Sidney, N. Y. REPORTER.

Read this Page Before Ordering Seeds.

Favored by the Beneficent hand of an All Wise Providence, I am able to greet my many thousands of customers with this seasons catalogue. My business last season was more than double that of the season before, thus demonstrating that people appreciate Good Seeds at Low Prices. When you consider that I can print and mail these catalogues at a cost of 2 cents each, while many of the large catalogues issued by other seedsmen costs 15 to 25 cents each, you will see the great saving effected and one reason why I can afford to sell cheaper than others; other reasons are I am content with a small profit—I do not pay exhorbitant city rents, etc.

We Mail Postpaid all seeds quoted in this Catalogue, except those marked By Express.

If you wish seeds sent by Express or Freight you may deduct what we would have to pay for postage, 16 cts. a quart; 4 cts. for 1/2 pint; 8 cts. lb.; 2 cts. for 1/4 lb. Very small orders are usually cheapest by mail. Purchaser pays express charges.

We guarantee our seeds to be Fresh and True to Name to the extent that we will replace free any seeds which fail to grow through any fault of the seeds, or prove to be a variety different from what we sell them for.

We are Prompt. We fill and send orders within 24 hours from the time we receive them, except plants which often are not wanted until spring.

Send money with your order. If possible send a Post Office Money Order. We enclose blank application in each catalogue.

If you send 50 cents or over, deduct cost of order. Registered Letters and Express Orders are all right for remittance. Private checks must be made for 10 cents more than amount of order to cover exchange. Postage stamps and silver carefully, wrapped is all right for small amounts.

Look over your order, see that your full address is plainly written and that you have enclosed the right amount.

Send the Addresses of any one who would be likely to send us an order if we sent them a catalogue, we will add something to your order to pay you. Get some one to sell our box and we will give you a present when they pay for it.

OUR BOX.

Boys, girls and even grown people have for several years sold seed for us making good wages. One boy sold over 100 packages in his first half day, We put up and mail you 125 packets, our selection of best selling sorts, in attractive lithographed packets which you sell at 4 cents each and send us 2 cents a packet for all you sell. If you do not sell all mail the balance back remitting 2 cents each for all sold. Send us a recommend from your Pastor or Postmaster to say you are honest and we will mail box. We will sell the box outright for **\$2.00**, cash with order. After selling a good portion of box you may remit for what are sold and order another box.

Plants

I do not grow these but have made arrangements with one of the largest and best firms in this state (Jackson & Perkins Co.) to fill all plant orders. All plants to be good mailing size, and, sent by mail in spring. They are all sent out in good condition but I do not replace any which fail to grow.

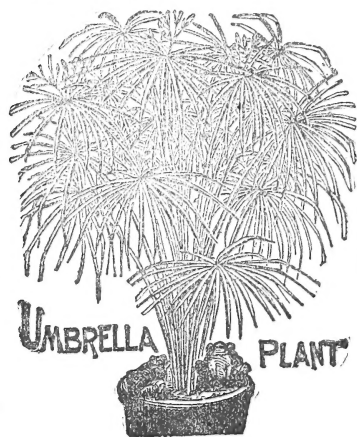

ROSES—I can supply nearly all varieties either for the house or out door culture at 10 cts. each; 3 for 25 cts. 6 for 45 cts

CLEMATIS—Can supply Dutchess of Edinburgh, double white; Henryi, large single white; Jackmanii, large violet purple Mme. Baron-Veillard, lavender-pink; Mme. Edouard Andre, reddish-carmine; Ramona, lavender blue; Paniculata the best of all, small flowering white—Any variety 15 cents each; 3 for 35 cents; the 7 for 70 cts.

Desirable Plants

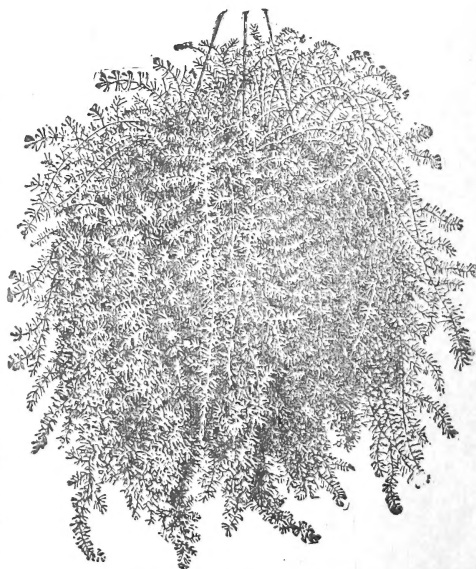

Good plants, mailed postpaid any time when not too cold.

ASPARAGUS SPRENGERII. (EMERALD FEATHER ASPARAGUS.) This is undoubtedly conceded to be the handsomest and most valuable evergreen trailing plant for house or conservatory decoration. makes a charming show as a vase, basket or window-box plant, and its beautiful sprays of lovely green feathery foliage grows rapidly and may be cut freely. A strong, vigorous grower requiring little care. Plants 15 cts. each; 3 for 35 cts.

ASPARAGUS, Plumosa. (CLIMBING LACE FERN.) Finer and more delicate than Sprengerii and nearly as graceful in growth. Its bright, feathery foliage is fine as the finest lace. The fronds retain their freshness for weeks when cut, and are greatly admired for floral decorations. For a graceful basket or window plant it has no superior. 15 cts. each; 3 for 35 cts. 2 above Asparagus plants 25 cts.

CYPERUS or Umbrella Plant. A plant of easiest culture and a large specimen is nearly as handsome as handsome as a palm, being fine for basket, pot or vase. Grows luxuriantly in water and is therefore indispensable for aquariums and fountains. Rapid, hardy grower does well with little care. Plants 15 cts. each; 3 for 25 cts.

ASPARAGUS SPRENGERII—PLANTS 15 cts.

When looking through this Catalogue, take a pencil and paper, write down everything you see that you want. Copy off on this Order Sheet, carry out price and mail to me with amount and seeds will be forwarded to you promptly.

AT PAN-AMERICAN.

BELL'S SEEDS were awarded a GOLD MEDAL for Purity and Quality.

AT AGRICULTURAL FAIRS.

The products grown from BELL'S SEEDS almost always win First Premiums when competing with those grown from seed purchased from other seedsmen, thus proving that BELL'S are Unequaled.

AT THE HOMES.

The following are a few of the many letters we have received this season from customers.

I have planted your seeds 7 years: they are the Best and Cheapest.

Mrs. Effa M. Wilson,
Mt. Vernon, Mo.

I have planted your Flower and Vegetable seed 3 years and have never had a failure.

Mrs. Angie McCord,
Baker City, Oregon.

Have used your seed several years and like them better than any others.

Miss Pearl J. Mahar,
Ivanpah, Kansas.

I have planted your seed 14 years and they have given entire satisfaction.

W. F. Barnett,
So. Columbia, N. H.

I have used your seed for the last 4 years and have had the best of luck and can recommend them to any one.

Mrs. S. L. Potts,
Meriden, Kansas,

I get your seed because they are the Best.

Benj. J. Canby, Colesville, Md.

I like your seeds, they are true to name and all germinate.

C. A. Burlingame,
So. Scituate, R. I.

I have used your seed 5 or 6 years and they are the Best and Cheapest I can buy.

Mrs. J. L. Wilson, Wick, W. Va.

I have been ordering of you for 7 years and have found them better than any other seeds.

W. W. Skelton,
Ellenwood, Georgia.

Best and Cheapest Seeds THAT GROW.

ORDER SHEET

J. J. BELL, Deposit, Broome Co., N. Y.

Name. _____

Post Office _____

County _____ State _____ Amount _____

☐ Be sure and write your address plainly above. Give express office if wanted by express or freight.

Quantity _____ Names of seed wanted. _____ Price. _____

After making out your order, cut off on this line.

Always Keep this in Mind.

- I. That we guarantee seeds to grow, replacing free any unsatisfactory—that we will fill your order promptly and that you may send small amounts in postage stamps.
- II. That you can order Flower Seeds by the number placed before them, or you can write out the name as you wish. If you order 81, 294, 511, we send Mixed Asters, Pinks, Pansies.
- III. Send some addresses of people who would be likely to send us an order if they had our catalogue, and we will add something extra to your order. Write addresses on separate sheet.

Quantity.

Names of seed wanted.

Price.

I have printed in this catalogue a number of letters from my customers to convince you that people appreciate Good Seeds and Low Prices.

Have used your seeds 15 years, and they always give satisfaction.

Alice M. Bangerter,
Granger, Utah.

I have been using your seed for about 10 years. They are the Best and grow well.

Lue Derby, Dot, Ky.

I have used your seed two years, and find them the Best and Purest of seed.

May McDaniel, Shelbyville.

I have planted your seeds for 14 years and find them Good.

Mrs. J. C. Alexander,
Peck, Mich.

I have bought Sweet Peas of 6 different Florists this spring, and must tell you that the seed I received from you are growing faster and are making stronger plants than any of the others.

Mrs. C. M. Bell,
Frazeysburg, Ohio.

I will speak a good word for your Sweet Peas; last year I had 4 ounces and I think every seed grew.

Mrs. J. Traverse,
Waterbury, Vermont.

I planted your Sweet Peas very early. I now have vines seven feet tall and they are one solid mass of the most beautiful blossoms I ever saw. We pick an ordinary grape basket full of blossoms every day, and I never saw such a beautiful variety of colors in my life and so enormous in size. They are the pride of our home and the envy of the whole neighborhood. I have given you address to a great many people and I think by another spring your orders will be quite abundant from here.

M. H. Yager,
Galesburg, Ill.

Selected List of

Standard and New VEGETABLE SEED. Everything in Vegetables Worth Planting.

QUALITY It is my constant aim to grow and supply only seeds of the highest possible quality. It is not enough that a seed grows, it should be bred up to the highest perfection.

QUANTITY My seed is sold in packets and larger quantities to meet the needs of all. Packets contain as much seed as those of other seedsmen.

PRICE PRICE OF ALL VEGETABLE SEED, ANY SORTS NAMED IN THIS CATALOGUE: 4 cents for one packet; 3 pkts. for 10 cts.; 5 packets or more at 3 a pkt.; 20 pkts. or over 2½ cts. a pkt.; 50 packets, or over 2¼ cts. a pkt. 100 pkts. or over by express 2 cts. a pkt. (This does not apply to Flower seeds.)

At above price you may select any varieties of vegetable seed in this catalogue and we mail them postpaid, except 100 for \$2.

ASPARAGUS Seed

A few plants of this delicious vegetable will produce enough for an ordinary family. Tastes similar to green peas. Fit for use in about 2 years from seed.

Conover's Colossal. Largely grown, standard, popular sort. ounce 6 cts. ¼ lb. 15 cts.
Barr's Mammoth. Fully twice as large as ordinary sorts, yet very tender and succulent. Grows quickly and of the finest flavor. ½ oz. 5 cts. oz. 9 cts. ¼ lb. 25 cts.
Palmetto. Large, popular, fine market or home sort. oz. 8 cts. ¼ lb. 20 cts. lb. 65c.
Columbian or California Mammoth White. Large, beautiful, clear white stalks of the best possible quality. ½ oz. 6 cts. oz. 10 cts. ¼ lb. 24 cts. lb. 60 cts.

EARLY MOHAWK—¼ Pint 5 cents.

My ¼ pint packets contain as many seed as the 10 cent packets offered by other seedsmen. My ½ pints contain as much seed as their 15 cent packets.

Bush or Dwarf BEANS.

(GREEN PODDED SORTS.)

If you order Beans by express deduct from price the amount we pay for postage;—2 cts. for ¼ pint; 4 cts for ½ pint; 16 cts. a quart.

Early Mohawk. Extremely hardy and productive. An extra early sort fit for use in about 60 days. ¼ pint 5 cts. ½ pt. 9 cts. quart 33 cts.

Extra Early Red Valentine. One of the finest of all extra early green-pod varieties. Popular for home or market. Excellent quality, tender and stringless. ¼ pt. 5 cts. ½ pt. 9 cts. qt. 33 cts. By express qt. 17 cts. pk. \$1.20.

Best of All. A very beautiful, fine grower of excellent quality, crisp, brittle and tender. Rather early. ¼ pint 6 cts. ½ pint 10 cts. quart 35 cts.

Extra Early Refugee. Good early. ½ pint 10 cts. quart 35 cts.

Dwarf Horticultural or Cranberry. (*The Great Succolash Bean.*) An excellent bearer producing large, speckled pods. Beans, large, rich and equal to Limas for shelling. ½ pint 9 cts. quart 32 cts.

Large White Marrow. Also known as 'Marrowfat Beans'. Large, round clear white beans of a fine, dry meaty flavor. One of the very best for field culture or shelling. Our fine strain of these makes bushy, prolific plants, ½ pint 9 cts. quart 30 cts. By express, quart 14 cts. Peck \$1.00.

Large White Kidney. Very long, large, white beans. An excellent sort for field planting. ½ pint 9 cts. quart 32 cts. By express quart 16c. pk. \$1.25

I have bought my seed of you for 9 years and they always give satisfaction I am pleased with quality and price. Mrs. A. H. McDaniels, Casey, Ill.

Bell's Prolific Green-Pod Bean.

Most desirable Green Bush Bean ever grown.

It is indeed a pleasure to offer so valuable a new acquisition as this Bean to the public. It is unquestionably the Earliest and Best variety ever offered in any respect for home use or early market. Matures early as the very earliest varieties known, and being so extremely hardy can be planted earlier with less danger from early frosts and cold weather. The pods average about 5 inches long, are round, plump and straight—nearly all rich, solid pulp. The handsome appearance of the rich green, thick, meaty pods together with its unequalled quality puts it preeminently at the head of all green podded beans. Continues to bear from early until frosts and is tender and absolutely stringless at all times. ¼ pint 8 cents, ½ pint 15 cts. pint 25 cts. quart 40 cts. 2 quarts by express for 45 cts.

BUSH LIMA BEANS.

By planting the Bush Limas in place of Pole Limas you avoid not only the unsightliness of poles but the cost of procuring same.

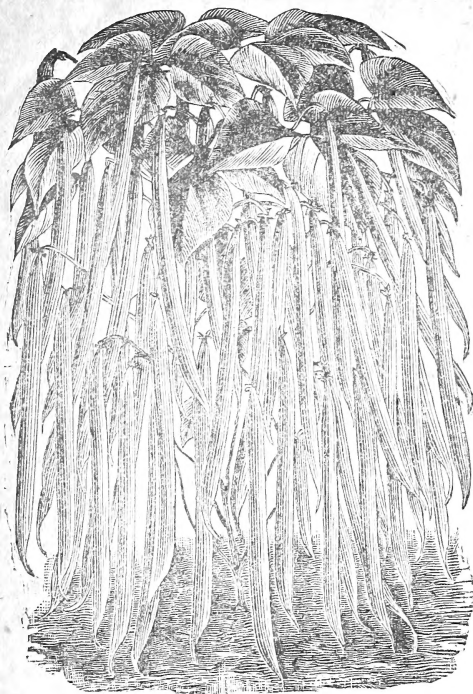

Henderson's Bush Limas. This is the earliest variety; a good continuous bearer but rather small. ¼ pt. 6 cts. ½ pint 10 cts. quart 38 cts.

Burpee's Bush Lima. Beans as large as the large Pole Limas. Forms an erect branching bush. Immense yielder and considered all around is the most desirable Bush Lima. ¼ pint 7 cts. ½ pint 12 cts. quart 43 cts.

I have been using your seed several years and find them the Best and Cheapest seeds I ever grew. M. J. Smith, Nicktown, Pa.

*****BUSH BEANS--Continued.*****

BELL'S IMPROVED KIDNEY WAX.
(Packet 4 cts. ¼ pint 7 cts. ½ pt. 13 cts.)

Bell's New Prolific Rustless Wax Bean.

This is one of the **BEST** and most productive of all Wax Beans. Branches freely and is loaded to the ends with long, thick half-round pods of a rich yellow color and the finest possible quality, being entirely stringless even when old enough to shell. They continue to bear throughout the season if pods are kept picked, and are remarkably strong, vigorous and bushy. ¼ pint 8 cts. ½ pt. 15 cts. quart 45 cts. By express, quart 28 cts. peck \$1.50.

POLE BEANS.

Old Homestead or Improved Kentucky Wonder. Considered all around this is probably the best green podded pole bean in cultivation and is fully a week earlier than any other. It is enormously productive, pods covering pole from top to bottom; entirely stringless, cooks tender and melting; continues bearing until frosts. ¼ pint 7 cts. ½ pt. 12 cts. quart 40c. By express, quart 24 cts. peck \$1.65.

Dutch Case Knife. Beans good size, white, a popular, productive old sort fine either as a string or shell bean. ¼ pt. 5 cts. ½ pt. 10 cts. quart 37 cts.

LAZY WIFE. Immensely productive; pods 5 to 6 inches long completely cover vines; easily gathered and quick to cook. Very fleshy, entirely stringless, retaining their tender, brittle rich texture when cooked. ¼ pint 7 cts. ½ pint 12 cts. quart 42 cts. (see cut.)

Early Jersey Lima. Beans large yet it is fully 10 to 15 days earlier than other large Limas. Very tender and rich in quality and should be planted by all who love this luscious vegetable in its green shelled state. ¼ pint 6 cts. ½ pint 11 cts. quart 40 cts.

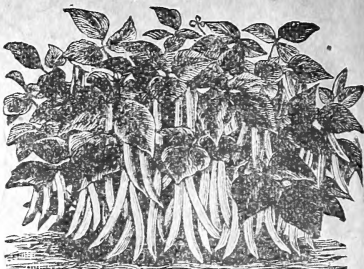

EARLY GOLDEN CLUSTER WAX. POLE BEAN.

This we consider, with the possible exception of Golden Andalusia, to be the best pole bean ever offered. Very early with great, yellow pods 6 to 7 inches long, hanging in clusters, and completely covering the vines from July till frosts. Tender, brittle and delicious flavor. ¼ pint 8c. ½ pint 15 cts. quart 45 cts.

WAX OR YELLOW PODDED.

Improved Early Golden Wax. A very early, hardy, productive sort, which holds well off the ground. Pods long, flat, of excellent quality and rich yellow color. ¼ pint 6 cts. ½ pt. 10 cts. quart 36 cts. By express, 2 quarts for 35 cts.

Prolific German Black Wax. An excellent sort, better than the well known Black Wax. Early, strong grower with meaty, brittle, stringless pods 4 inches long, round and curved. ¼ pt. 6 cts. ½ pt. 10 cts. quart 35 cts. By express, quart 18 cts. peck \$1.25.

EARLY GOLDEN WAX.

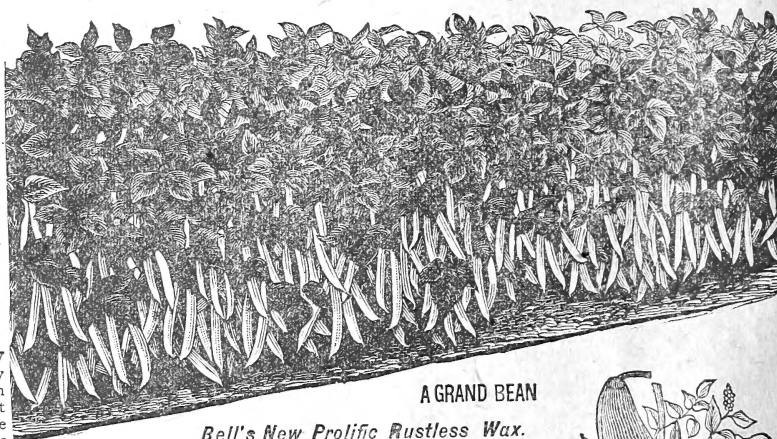

BELL'S IMPROVED KIDNEY WAX. Strong robust, upright grower, producing an immense crop of long, nearly straight, handsome, golden yellow, wax-like pods of the finest possible quality; rich, tender and stringless. Matures early and is a very profitable and desirable sort either for home or market. ¼ pint 7 cts. ½ pint 13 cts. quart 40 cts. By express, 2 quarts for 45 cents.

Currie's Rust Proof Wax. Rustproof, with long, flat pods, ½ inch wide. Very productive, early, tender, brittle and of finest flavor. ¼ pint 6 cts. ½ pt. 11 cts. quart 40 cts. By express, quart 22 cts. peck \$1.30.

Davis White Wax. Large, clear white, kidney-shaped beans which are excellent for shelling. They are unusually productive, being loaded with thick, brittle, waxy, stringless pods, 6 to 8 inches long. ¼ pint 7 cts. ½ pt. 12 cts. quart 40 cts.

Detroit Wax. This is really an improved variety of the Golden Wax bred up to rust-proof perfection. It is one of the best, hardiest and most productive of all. Pods handsome, straight, thick-edged, fine quality and beautiful golden yellow color. ¼ pint 7 cts. ½ pt. 12 cts. quart 40 cts. 2 quarts by express for 43 cents.

YOSEMITE MAMMOTH WAX. This is the giant among wax beans: pods are 12 to 14 inches long and thick as a man's finger, being nearly all solid pulp. Plants are loaded with these enormous pods which are of a rich golden color, absolutely stringless, cooking tender and delicious. If you have never tried these add a small quantity to your order and you will always want them. ¼ pint 10 cts. ½ pint 18 cts. quart 50 cts. 2 quarts by express for 65 cts.

A GRAND BEAN

Bell's New Prolific Rustless Wax.

GRANDEST OF ALL POLE BEANS.

Golden Andalusia Wax.

The wonderful productiveness of this grand pole bean is shown in the illustration on the following page. Thousands have pronounced it the best bean they ever grew. It is nothing unusual to pick ½ bushel from a vine at once; they commence to bear young and continue till frosts. The pods are 5 to 6 inches long, broad, thick, fleshy and entirely stringless, retaining their rich buttery flavor when cooked. ¼ pint 10 cts. ½ pint 18 cts.

I like your seed better than any other seed I have ever planted. I hear people complain who send to other seedsmen about not getting what they order. I recommend yours because I always get what I send for and some nice present of extras.

Mrs. Jessie R. Hurst, Greenwich, Va.

Your seeds are the best I ever used.

Mrs. Mary Myler, Ripley, N. Y.

I have planted your seeds 3 years and like them better than any others I can get and you are honest to deal with.

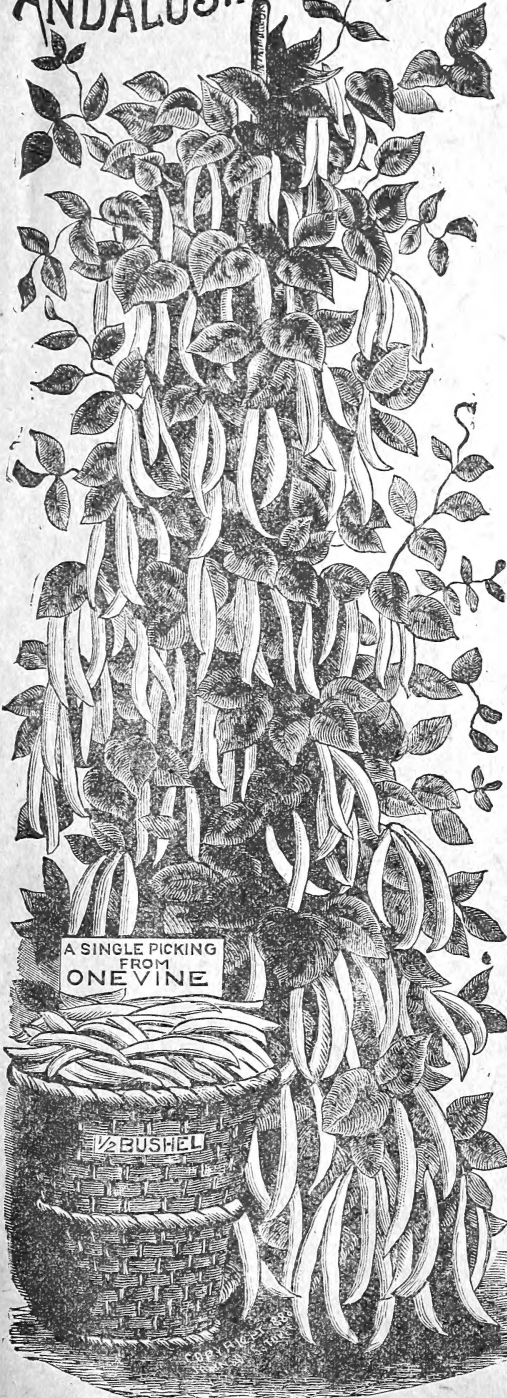

A. J. Faulk, Gregory, Ark.

Both myself and friends have found your seeds always O. K.
Ed. Dickinson, Warrensburg, N. Y.

REMEMBER that the price of any and all Vegetable Seed in this Catalogue is:—1 packet 4 cents; 3 packets for 10 cents; 5 pkts. or over at 3 cts. a pkt.; 20 pkts. or over at 2½ cts. a pkt.; 50 pkts. or over at 2¼ cts. a pkt. By Mail postpaid.

NEW GOLDEN ANDALUSIA BEAN

The above illustration of GOLDEN ANDALUSIA WAX BEANS shows the prolific character of this wonderful, luscious vine. Beans, large, round, white and of unsurpassed flavor, making it valuable as a shelled or winter bean. Its greatest value is however in its great productiveness and fine qualities as a snap or string bean ¼ pint 10 cts. ½ pint 18 cts. quart 60 cts.

Table BEETS.

Packets contain about 800 seeds. 1 ounce sows 50 feet of drill.

BELL'S CRIMSON HUSTLER. One of the Earliest and Best Beets ever produced. It has the small top and extreme earliness of the old popular Egyptian but is of very much better quality; tender and sweet even after maturity, never woody. Very desirable as an extra early, dark red beet for home or market. ½ oz. 5 cts. oz. 9 cts. ¼ lb. 20 cts. lb. 55 cts.

Lentz's Extra Early Blood Turnip Rich, deep, blood-red beet of tender and sweetest quality. Tops are very small and it produces crop in six weeks from sowing. It is much larger and better than the Egyptian and fully as early. Never tough. oz. 8 cts. ¼ lb. 18 cts. lb. 48 cts.

Eclipse or Columbia. A neat, deep red turnip shaped beet of rich and tender quality. Early, good size, desirable for early use or winter. oz. 7 cts. ¼ lb. 15 cts. lb. 43 cts.

Crosby's Egyptian. This is equally as early as the old Egyptian, has all the good points of that old popular variety, and is much better quality. Beautiful, round shape, perfect form dark crimson color. Fine for early market or home use. ounce 8 cts. ¼ lb. 20 cts. lb. 55 cts.

Early Bassano. An old poplar, sweet light colored sort. oz. 6 cts. ¼ lb. 14 cts. lb. 40 cts.

Edmonds Early Turnip. Rather early, fair size, uniform, smooth shape, handsome, small top, deep blood red color, extremely sweet and tender, good keeper. oz. 7 cts. ¼ lb. 15 cts. lb. 40 cts.

Dewing's Blood Turnip. A very desirable sort of large, perfect form and fine quality, especially valuable for main crop or winter use. oz. 7 cts. ¼ lb. 14 cts. lb. 40 cts.

Improved Blood Turnip. The old standard, popular sort; good size, fine flavor good keeper; deep blood-red color; fine for home and winter use. oz. 6 cts. ¼ lb. 13 cts. lb. 38 cts. 2 lbs. or over by express 28 cts. a pound.

Long Blood Red. Long, desirable, good winter sort, very productive, large, and good quality. oz. 5 cts. ¼ lb. 12 cts. lb. 35 cts.

Imperial Sugar Beet. Very productive, will yield about as much as Mangle Wurzels; sweet, good for table use or stock. oz. 5 cts. ¼ lb. 12 cts. lb. 35 cts.

White French Sugar. Enormous yielder with large, sweet, nutritious roots. Long; desirable for table or stock feeding. oz. 5 cts. ¼ lb. 11 cts. lb. 33 cts.

Vilmorin's Sugar. The sweetest of all sugar beets and one of the most desirable for sugar making. oz. 5 cts. ¼ lb. 12 cts. lb. 35 cts.

Either of above 3 Sugar Beets in 2 lb. lots or over, by express, 22 cts. a pound.

Mangel Wurzels.

These are one the most profitable crops for stock feeding, producing often 50 tons per acre, and have an estimated feeding value of \$10. a ton. 5 to 7 lbs. of seed will sow an acre.

BELL'S GIANT LONG RED.

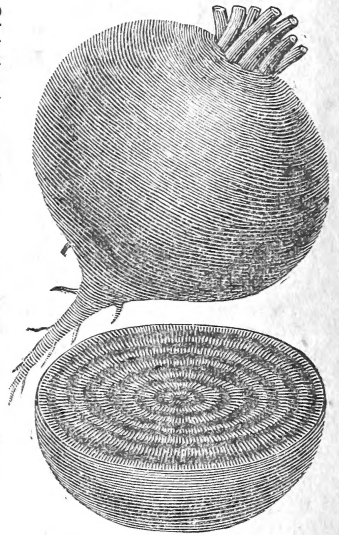

A perfected strain of giant long red mangels which reaches enormous proportions. One of the best grown producing 1000 to 2000 bushels an acre. oz. 5 cts. ¼ lb. 12 cts. lb. 33c By express, 2 lbs. 45 cts. 5 lbs. \$1.

Golden Tankard. Large, oblong, the best yellow sort grown; very sweet and nutritious; desirable as a table sort. oz. 5 cts. ¼ lb. 12 cts. lb. 33 cts. By express, 2 lbs. 45 cts 5 lbs. for \$1.00.

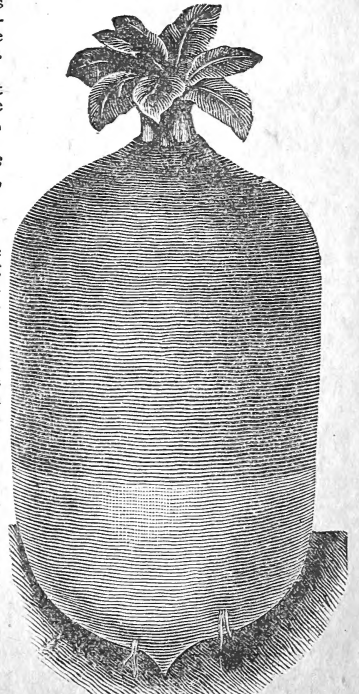

Brussels Sprouts.

Produces numerous small heads resembling cabbages, highly prized for boiling in fall and winter. ½ oz. 7 cts. oz. 12 cts. ¼ lb. 40 cts.

Seed purchased of you were A No. 1. Mrs. F. McCord, Peekskill, N. Y.

Bell's Crimson Hustler.

GOLDEN TANKARD.

1 ounce 5 cts. ¼ lb 12 cts. lb 33 cts.

Our Cabbage Seed is the BEST Long Island grown. Far superior to imported seed offered by some seedsmen.

CABBAGE.

Pkts. contain about 2000 seeds.

BELL'S EUREKA SPRING. A LARGE, ROUND, FLAT-HEAD Cabbage, early as the Wakefield and better quality; yields more than any other extra early. Almost every plant produces a nice, solid head of the finest quality which always brings the best market price. Hard as Danish Ballhead $\frac{1}{4}$ oz 8 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts. 2 ozs. 45 cts. $\frac{1}{4}$ lb 85 cts. lb \$3.00.

Henderson's Early Spring. Early flat heading sort of fine quality, good header and may be planted closely. $\frac{1}{4}$ oz 7 cts. $\frac{1}{2}$ oz 12 cts. oz 20 cts. 2 ozs. 35 cts. $\frac{1}{4}$ lb. 65 cts. lb \$2.40.

Early Winningstadt Hard, pointed heads; always heads well and is bothered very little with worms. Best for private gardens; can be had very early. Sow in June for winter use. ounce 10 cts. $\frac{1}{4}$ lb 28 cts. lb 95 cts.

Early Etampse. Very early, pointed heads. Improvement on York. oz 10c. $\frac{1}{4}$ lb 30c.

Early Jersey Wakefield. A very popular sort with market growers. Extra early, compact and good quality. $\frac{1}{2}$ oz. 8 cts. oz 15 cts. $\frac{1}{4}$ lb 45 cts. lb \$1.70.

BELL'S MAMMOTH WAKEFIELD.

Bell's Mammoth Wakefield. Resembles the Jersey Wakefield but is much larger and a few days later. Good quality and an excellent seller. $\frac{1}{2}$ oz 9 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts. lb \$1.90.

Henderson's Early Summer. Fine second early; makes large, compact, flattened, excellent heads. $\frac{1}{2}$ oz 7c. oz 12c. $\frac{1}{4}$ lb 40 cts.

Fottler's Improved Brunswick. Fine early fall variety. Heads flat, thick through, hard and solid with few outer leaves. Dwarf compact grower. $\frac{1}{2}$ oz 7 cts. oz 12 cts. $\frac{1}{4}$ lb 45 cts. lb \$1.65.

Henderson's Succession. Extra good fall sort; whole fields show scarcely a poor head: large, solid and good keeper. Sow a little later for winter use. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb. 50 cts. lb \$2.

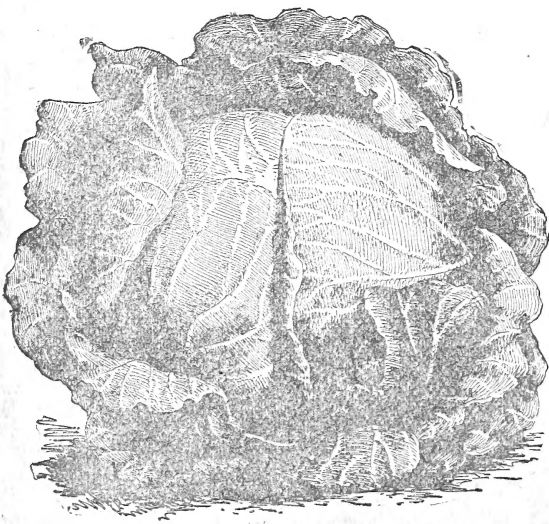

All Seasons. This is almost identical with the Vandegaw. Splendid early fall cabbage, large size, solid and excellent flavor: one of the most reliable headers and best keepers. Good as a winter sort; does not crack. $\frac{1}{2}$ oz 8 cts. oz. 15 cts. $\frac{1}{4}$ lb 50 cts. lb \$1.85

All Head. Medium early, extra solid, sure header, fine quality and an excellent keeper. $\frac{1}{2}$ oz 7 cts. oz 12 cts. $\frac{1}{4}$ lb 45c. lb \$1.50

Warren Stone mason. This and the Danish Ballhead are now the two popular shipping cabbages. Heads rather small, extra solid, heavy, best keeper. $\frac{1}{2}$ oz 8 cts. oz 15c. $\frac{1}{4}$ lb 50 cts. lb \$1.90

Danish Ballhead. This cabbage, sometimes called Hollander, is one of the hardest heading, best keeping and most profitable for home or market. $\frac{1}{2}$ oz 10 cts. oz. 18 cts. $\frac{1}{4}$ lb 60 cts. lb \$2.00.

Improved Premium Flat Dutch. A standard sort and one of the most extensively grown for winter use. Heads very large and always sells well. oz 10 cts. $\frac{1}{4}$ lb 35 cts. lb \$1.25.

ALL SEASONS.

AUTUMN KING or WORLDBEATER.

Autumn King. This same cabbage is called Worldbeater by some firms.

Very large, late, dark green, reliable header and long keeper. One of the best large late sorts. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts. lb \$1.75.

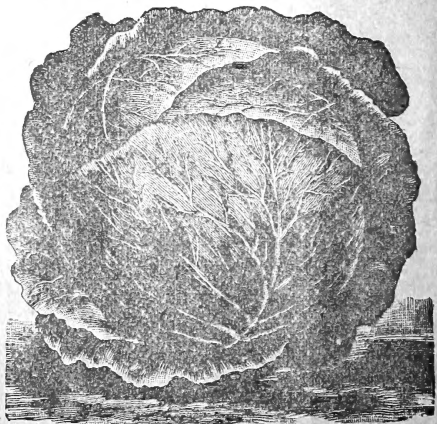

Large Late Drumhead. Old sort forming very large heads; late and very good keeper. oz 10 cts. $\frac{1}{4}$ lb 35 cts. lb \$1.25.

Marblehead Mammoth. Giant in size but hardly equal in quality to Autumn King Late. oz 10 cts. $\frac{1}{4}$ lb 35 cts. lb \$1.35

Mammoth Red Rock. The largest and best of red cabbages. Will weigh about 10 pounds each. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts.

BELL'S SUREHEAD.

Almost every plant of this produces a large, solid head of the finest quality, with few outer leaves. Heads very large, flattened at the top an excellent keeper and of the finest texture. A field of these show scarcely any poor heads; all are large and

BELL'S SUREHEAD.

uniform in size and appearance. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 55 cts. lb \$2.00

Drumhead Savoy. Best curled cabbage. Finest flavor. oz 10 cts. $\frac{1}{4}$ lb 35 cts.

Mixed Cabbage Seed. Above and other varieties. This seed is all carefully grown separately and mixed by us. Many people grow but a few and like an assortment of early, medium and late. oz 9 cts. $\frac{1}{4}$ lb 25 cts. lb 85 cts,

PRICE of all Vegetable Seeds—Any sorts you select in this catalogue, sent by Mail Postpaid; 1 packet for 4 cents; 3 pkts. for 10 cts. 5 pkts. or over at 3 cts. a pkt. 20 pkt. or over at 2½ cts. a pkt. 50 pkts. or over at 2¼ cts. a pkt.

Some Grand New Cabbages.

BELL'S LIGHTENING EXPRESS CABBAGE.

The great value of this cabbage is its extreme earliness, being fit for market in 70 to 75 days. There is always a handsome profit in the first cabbages brought into market; the Lightning Express you can be nearly a week ahead of your competitors who grow other extra early sorts. Heads small, hard, pointed and fine quality. Reliable header. ½ oz. 10 cts. oz 18 cts. ¼ lb. 60 cts.

BELL'S PRIVATE FLAT DUTCH.

An extra selected strain of Flat Dutch with handsome, large heads; almost every plant producing a large, perfect, beautiful head; fine quality and an extra good seller. All should try this. ½ oz 10 cts. oz 18 cts. ¼ lb 60 cts. lb \$2.25.

BELL'S PRIZE SHORT-STEM DRUMHEAD.

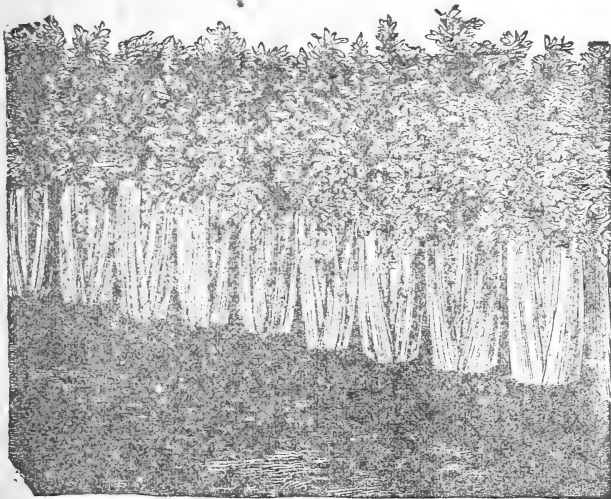

Few if any cabbages can equal this in sureness of heading and regularity of growth. It forms a large, solid, flat head of good quality and handsome appearance with a short stem. In compact growth and keeping qualities it cannot fail to please the most critical. ½ oz 10 cts. oz 18 cts. ¼ lb. 55 cts. lb \$2.00.

Burpee's Safe-Crop Cabbage.

A large strain of market gardeners cabbage which is almost sure to head. Heads large size, hard and firm, with few outside leaves; stems short, foliage compact and beautiful color. Good keeper. ½ oz. 8 cts. oz 15 cts. ¼ lb 45 cts. lb \$1.65.

BELL'S COLOSSAL CABBAGE.

Judges who have tried this pronounce it the **BEST** and **Largest** winter cabbage grown. This was originated by a careful selection from immense heads only. It is an unfailing producer of heads of enormous size and the finest quality. The value of this extraordinary cabbage will be seen when you realize that people are always willing to pay a higher price to obtain a larger cabbage than their neighbors. If you want a cabbage of good quality larger than a bushel basket plant this. ½ oz 12 cts. oz 20 cts. ¼ lb 70 cts.

Golden Self-Blanching Celery—Packet 4 cts. ¼ oz. 8 cts.

6 BEST CELERIES.

Pkts. contain 1000 to 2000 seeds. 1 oz. makes about 7000 plants.

IMPROVED GOLDEN SELF-BLANCHING. The most popular of all early celery and an extra good winter sort as well, being a fine keeper. It is a rapid and vigorous grower, with solid, heavily ribbed stalks of a beautiful golden yellow. Crisp, solid, brittle and delicious flavor; needs little earthing up to blanch yellow and crisp. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor makes this the standard early variety for home use or market. ¼ ounce 8 cts. ½ oz. 15 cts. oz. 25 cts. ¼ lb. 85 cts. lb. \$3.25.

ROSE RIBBED PARIS SELF-BLANCHING. In many respects this is almost identical with the preceding, the main difference being the beautiful striping of rose on the yellow stalks, which makes it very attractive. Rose celery is always of fine quality. ¼ oz. 8 cts. ½ oz. 15 cts. oz 25 cts. ¼ lb 90 cts.

Improved White Plume. Very fine variety of rapid growth and excellent flavor. Grown as much if not more than any other sort for extra early. Crisp, rich fine quality and blanches easily. ¼ oz 5 cts. ½ oz 9 cts. oz 15 cts. ¼ lb. 45 cts.

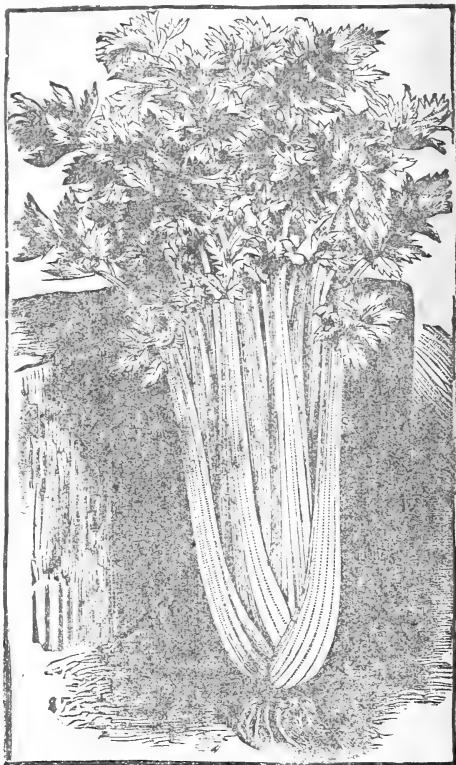

Giant Pascal. Very large, robust growing, green celery. The best and most popular sort for winter use. Large, heavy broad ribbed bunches blanch up quickly to a beautiful golden yellow and keep splendidly all winter. Crisp, brittle, free from strings and rich, nutty flavor. ½ oz 8 cts. oz 14 cts. ¼ lb. 38 cts. lb \$1.40.

Improved Kalamazoo Large White. One of the most popular in the great celery growing districts of Michigan. Large, stocky, dwarf, white variety, easily blanching and a good keeper and shipper. Heavy stalks which blanch readily to a handsome white; fine quality. ½ oz 7 cts. oz 13 cts. ¼ lb 35 cts. lb \$1.35.

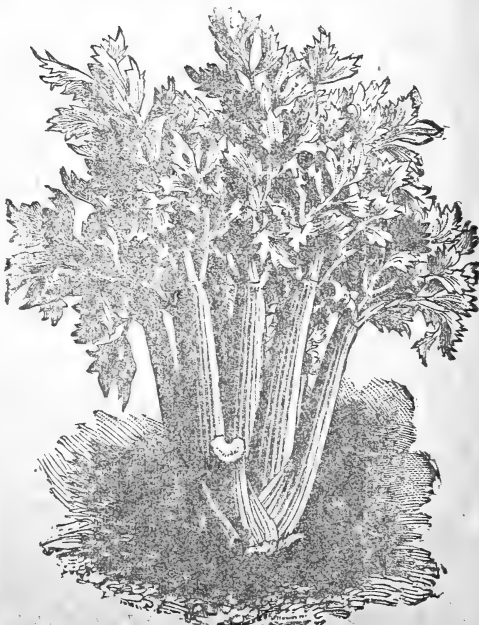

Bell's Giant Golden Heart. This resembles in many respects the popular Golden Heart Dwarf and has all the good points of that grand variety and is better in that it grows larger and is a better keeper. When blanched is a waxy, golden yellow, solid, crisp and excellent. ½ oz 8 cts. oz 15 cts. ¼ lb 50 cts. lb \$1.85.

CELERIAC or Turnip Rooted Celery. This forms a root similar to a Turnip which is valued for boiling, slicing and flavoring stews. ½ oz. 6c. oz 10c. ¼ lb. 35c.

IT IS A FACT that nearly ¾ the people in our country go to their storekeepers and pay 5 cts. a pkt. for old seeds. Now these seeds in commission boxes are on an average less than one fourth sold each season, the other three quarters are sent back to the seedsmen and returned as fresh seed the following year, and so on till they get—well no telling how old—at least too old to produce a strong, healthy plant. After allowing the merchant half for selling, salesmen's expenses, etc., you can see that a seedsman can only afford to use the cheapest seeds in commission boxes.

Rose Ribbed Paris Self Blanching Celery.

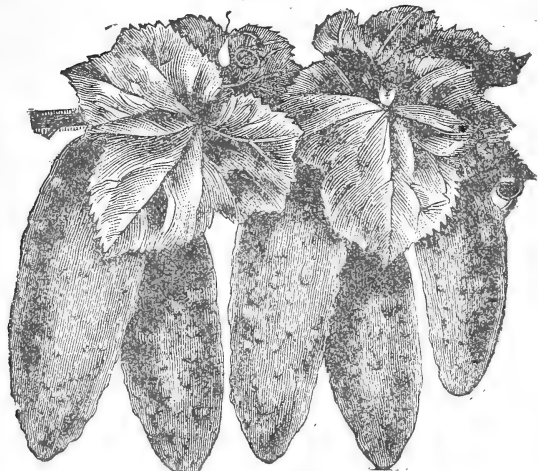

Giant Pascal Celery—½ oz 8 cts. oz 15 cts.

Selected CUCUMBER Seed.

THE CUCUMBER CROP was almost a failure everywhere last season; seed is consequently very scarce and high. We have a fair supply and my price is below the wholesale market.

Early Cluster—ounce 10 cts, $\frac{1}{4}$ lb 35 cts.

Bell's Prolific

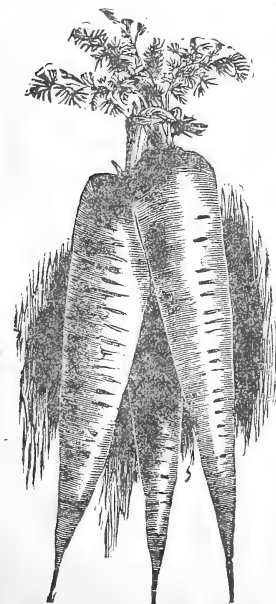

Pickling CUCUMBER.

This is a fair sized cucumber of the best possible quality. For a pickling variety either for home or market its superior can not be found. The wonderful productiveness is well shown by the plant in the illustration.

$\frac{1}{2}$ oz 7 cts. oz 12 cts.
 $\frac{1}{4}$ lb 35 cts. lb \$1.25.

Gherkin Cucumber.

A small, oval sort quite distinct from any other. The small pickley fruit should always be picked when young and tender. It is used exclusively for pickling. Seed is 2 to 3 weeks in coming up. $\frac{1}{2}$ oz 6 cts.
oz 10 cts. $\frac{1}{4}$ lb 38 cts.

LONG ORANGE CARROT.

BELL'S PROLIFIC PICKLING CUCUMBER—Packet 4 cts. $\frac{1}{2}$ oz 7 cts. oz 12 cts. $\frac{1}{4}$ lb 35 cts.

JAPANESE CLIMBING CUCUMBER.

The vines of these are very strong and vigorous, throwing out numerous tendrils which cling to brush or anything for support. Fruit is very long, large, crisp, tender, mild and delicious flavor. Very desirable and ornamental as it gives you a supply without vines running all over. $\frac{1}{2}$ oz 8 cts. oz 15 cts.

CARROTS.

Packets contain from 4000 to 5000 seeds.
One ounce sows 100 feet of drill.

Early French Forcing Horn. Very early, small short variety; good forcing sort of the finest quality oz. 8 cts. $\frac{1}{4}$ lb 24 cts. lb 75 cts.

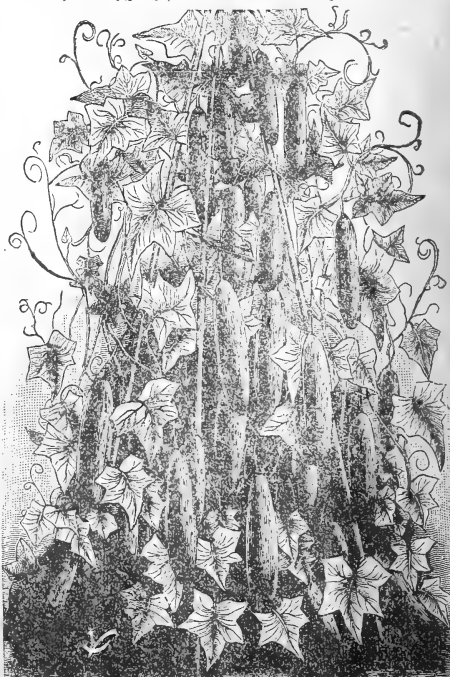

Guerande or Oxheart Orange. One of the best of table carrots; roots 5 to 6 inches long and 2 to 4 through; very solid, deep orange color, finest quality. oz. 8 cts. $\frac{1}{4}$ lb 22 cts. lb 70 cts.

Danver's Half Long. A popular, productive sort; unexcelled either for home or market. Handsome, rich orange color, best table qualities: medium length tapering to a blunt point, flesh sweet, crisp and tender. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 65 cts.

Improved Long Orange. Best known and most extensively grown of any carrot. Roots long, rich orange color, uniform size, good for table use or stock feeding. oz 7 cts. $\frac{1}{4}$ lb 15 cts. lb 50 cts.

Long White Belgian. Very large, long, white, most productive and easily harvested of any, which make it a popular sort for stock feeding. oz 6 cts. $\frac{1}{4}$ lb 14 cts. lb 45 cts. By express 3 lbs. for \$1.00.

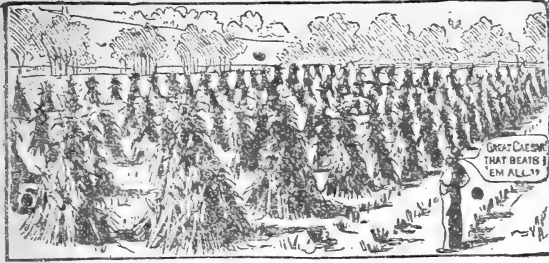

Chicory. Dried roots used as coffee. oz 8 cts. $\frac{1}{4}$ lb 22 cts.

Japanese Climbing Cucumber— $\frac{1}{2}$ ounce 8 cts.

Sweet or Sugar CORN.

The crop of Sweet Corn, especially the Early varieties, was very short last season, hence prices are somewhat high.

Field of our Evergreen Corn Growing for Seed.

NEW "PREMO" SWEET CORN.

Earliest Corn on Earth. Ready to use in 60 Days

This grand new sweet corn is a novelty of sterling worth. It seems to be fully a week earlier than other Extra Earlys. It is as large as the Largest and Sweet as the Sweetest. It is harder than most other sorts and for this reason can be planted earlier. It is very productive. Give it a trial, $\frac{1}{4}$ pint 8 cts. $\frac{1}{2}$ pint 15 cts. quart 50 cts.

NEW "DREADNAUGHT" Sweet Corn.

This variety is a special selection from the Extra Early Adams with larger, handsomer ears and possessing the hardness of that old sort so that it may be planted earlier than most other varieties. Stalks are strong and vigorous, averaging 7 feet high, with usually two good ears to each. Ears twelve rowed, to 14 inches long. Kernels pearly white, decidedly sweet and tender if gathered at the proper stage of its growth. $\frac{1}{4}$ pint 7 cts. $\frac{1}{2}$ pint 12 cts. quart 35 cts.

EARLY FORDHOOK Sweet Corn.

The introducers claim for this is that it is "The Largest Eared Extra Early Sweet Corn". It is a pure white corn rather earlier than the Cory Ears are eight rowed, quite small cob and deep grains. Very sweet, fine flavor. $\frac{1}{4}$ pint 7 cts. $\frac{1}{2}$ pint 12 cts. quart 36 cts.

Other Fine Sugar Corn.

Kendel's Early Giant. Grand for second early, closely following the Extra Earlys. Ears large and well filled, 8 to 10 inches long and of a rich sugary flavor. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pint 10 cts. quart 35 cts.

New CHAMPION. Ears large and handsome, with 10 to 12 rows of deep, pure white grains. It is as early or earlier than Crosby's Early and larger; very sweet. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pint 10 cts. quart 35 cts.

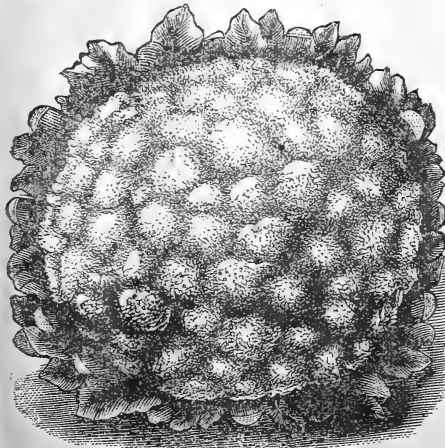

Perry's Hybrid. Probably the best known and most popular second early corn. Ears large and well filled, finest quality; often sold as Early Evergreen. $\frac{1}{4}$ pint 5 cts. $\frac{1}{2}$ pint 9 cts. quart 32 cts.

Bell's Early Evergreen. An extra choice strain resembling Stowell's Evergreen but is 1 to 2 weeks earlier; sweet and remains fit to use a long time. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pint 10 cts. quart 33 cts.

Early Mammoth. A mammoth corn of fine quality, tender and delicious. $\frac{1}{4}$ pint 8 cts. quart 30 cts.

Black Mexican. Many consider this the best second early corn for general family use, certainly it is surpassed by none in sweet delicious flavor; the only possible objection being its black color, although it is white if not to old. $\frac{1}{2}$ pint 9 cts. quart 30 cts.

Country Gentleman. Irregular rows of small, white, very long kernels. Ears large, sweet, rather late. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pt. 10 cts. quart 30 cts

Henderson's Early Snowball Cauliflower.

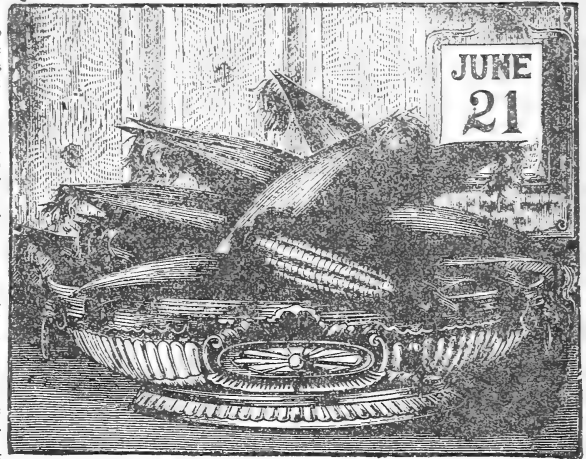

Early MAPLE SUGAR. An extra early, extremely sweet, corn. Good for home or market. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pint 10 cts. quart 35 cts. by mail. **Early Cory.** Old standard extra early; very sweet and good for so early. $\frac{1}{4}$ pint 5 cts. $\frac{1}{2}$ pt. 9 cts. quart 30 cts.

Large White Cory. Larger than the Red Cory and about as early. The kernels are large, pearly white and of the finest quality. Ears large and always sells well. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pt. 10 cts. quart 34 cts.

New Early SHEFFIELD. This is a cross between the Early Adams and Cory, being equally as hardy and earlier than the Adams and possessing the sweetness of the Cory, and absolutely smut proof. Kernels medium size and well arranged on 10 to 12 rowed ears 6 inches long. It has a delicious sugary flavor. $\frac{1}{4}$ pt. 7 cts. $\frac{1}{2}$ pt. 12 cts. quart 38 cts.

Henderson's Early METROPOLITAN. The introducer of this fine variety claims that it is the "Best, Biggest and Sweetest Early Corn". 2 to 3 large ears on a stalk. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pt. 10 cts. quart 35 cts.

Crosby's Early. An excellent and popular variety of fine quality, tender and sweet. Ears medium size, 12 rowed. One of the best and sweetest for canning. $\frac{1}{4}$ pt. 5 cts. $\frac{1}{2}$ pint 9 cts. quart 30 cts.

Early Maple Sugar Corn— $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pint 10 cts.

Selected STOWELL'S EVERGREEN Sweet Corn.

This is the standard large late corn for home use market or canning. Ours is the true type which produces 2 to 3 immense sugary ears on each stalk. $\frac{1}{4}$ pint 8 cts. quart 30 cts.

Evergreen Fodder Corn. This is shelled from corn in the field as it runs not selected as is seed stock above. Sweeter and more valuable for sowing than other corn. See Wholesale Prices below.

All Corn sent by mail postpaid at above prices.

Don't forget that my $\frac{1}{4}$ pint packets contains as much corn as the ten cent packets offered by other seedsmen. We try to always give more and better seeds for the money than others give.

At Wholesale Prices below seeds are not sent by mail.

Cauliflower.

Early Dwarf Erfurts. Popular, reliable early. One-tenth oz. 12 cts. $\frac{1}{4}$ oz 25 cts.

Bell's Early SUREHEAD. Large, compact cauliflower of the very best quality. Early and a reliable header. 1-8 oz 20 cts $\frac{1}{4}$ oz 35 cts. $\frac{1}{2}$ oz 65 cts.

Bell's WHITE BEAUTY. We believe this to be the best and surest heading large late variety. 1-10 oz. 18 cts $\frac{1}{4}$ oz 40 cts. ounce \$1.50.

Bell's "FULL CREAM" Cauliflower. Without exception this is the BEST and SUREST HEADING sort known. It matures just after the Snowball. 1-8 oz. 25 cts, $\frac{1}{4}$ oz 45 cts. oz. \$1.65.

Henderson's Early Snowball. Heads good size, solid, snowy white and good quality. Early, compact grower, sure header. 1-8 oz 20 cts. $\frac{1}{2}$ oz 75 cts.

LeNormand's Short Stem. Large, close head; excellent late fall sort, $\frac{1}{4}$ oz 20 cts. oz 75 cts.

Cauliflower seed is so expensive that packets only contain a few seeds.

WHOLESALE PRICE OF CORN.

At these prices corn is sent by Express or Freight at purchasers expense.

Choice LETTUCE Seed.

Packets contain about 2500 seeds.

New MIGNONETTE. Distinct, rather small, russet-colored lettuce. Soldest, most compact variety known; heads about 7 inches across. Leaves crumpled like Savoy Cabbage outside; solid heart of creamy-yellow. Hardy, resists drought and excessive moisture, remaining in perfect condition long. $\frac{1}{2}$ oz 26 cts. oz 10 cts. $\frac{1}{4}$ lb 35 cts. lb \$1.00.

California CREAM BUTTER. Forms very solid heads of rich creamy yellow, thick tender and splendid quality; hardy, sometimes called Royal Summer Cabbage Lettuce. $\frac{1}{2}$ oz 6 cts. oz 10 cts. $\frac{1}{4}$ lb 30 cts.

Grand Rapids. For a forcing or extra early variety this has no superior. Loose head, quick growing, lasts well. $\frac{1}{2}$ oz 5 cts. oz 8 cts. $\frac{1}{4}$ lb 24 cts.

Big Boston. Popular, large, forcing sort and best winter sort for south. Smooth green leaves, large, tender. $\frac{1}{2}$ oz 5 cts. oz 8 cts. $\frac{1}{4}$ lb 25 cts.

Ferry's Early Prize Head. One of the best and most popular for home use. Leaves large, crimped, bright green tinged with brownish-red, exceedingly tender, crisp and sweet, curly and keeps well; forms large heads. $\frac{1}{2}$ oz 5 cts. oz 8 cts. $\frac{1}{4}$ lb 23 cts. lb 70 cts. (see cut.)

Improved Hanson. A large, quick growing, butter-head, cabbage sort. One of the very best for home or market. Crisp, mild, tender, remains in good condition long. $\frac{1}{2}$ oz 5 cts. oz 8 cts. $\frac{1}{4}$ lb 23 cts. lb 70 cts.

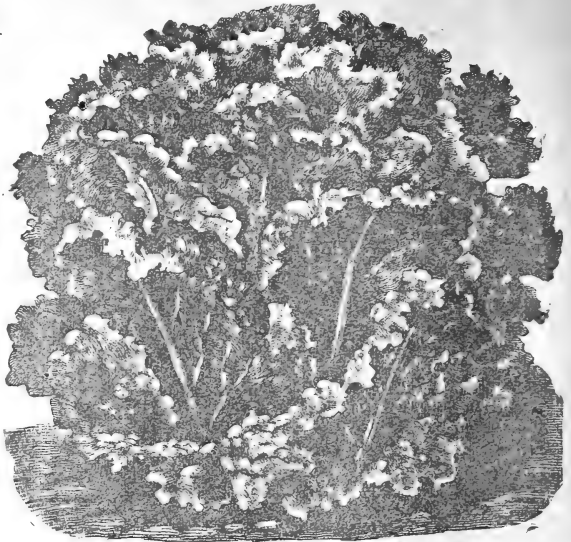

Tomhannock. Forms a large, close, compact bunch of brownish-curled, upright leaves. Fine flavor, crisp and tender. oz 8 cts. $\frac{1}{4}$ lb 25 cts.

ICEBURG. The handsomest, hardest heading cabbage head lettuce. Forms a nice, bright green, fringed head, bleached to white inside. In crisp, mild flavor it is unsurpassed. In hottest days of summer or early spring it is always tender. $\frac{1}{2}$ oz 6 cts. oz 10 cts. $\frac{1}{4}$ lb 28 cts. lb 95c.

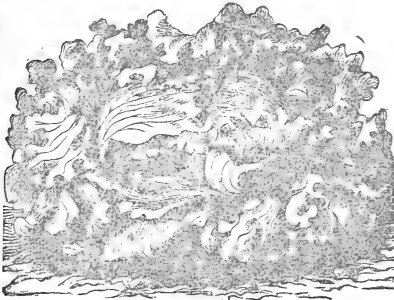

Marblehead Mammoth. Grows large like a cabbage, and is very fine quality. $\frac{1}{2}$ oz 5 cts. oz 8 cts. $\frac{1}{4}$ lb 25 cts. lb 75 cts.

California All Heart. Handsome, solid, rich, buttery heads; always tender. Resembles pointed cabbage. $\frac{1}{2}$ oz 6 cts. oz 10 cts. $\frac{1}{4}$ lb 30 cts.

Improved Defiance Summer. Large, splendid, solid heads, crisp and

Tomhannock Lettuce— $\frac{1}{2}$ oz. 5 cts. oz. 8 cts.

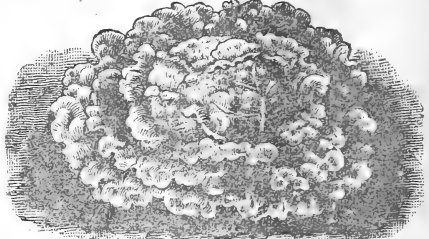

Marblehead Mammoth Lettuce.

tender. Will grow in the hottest weather when most others fail, $\frac{1}{2}$ oz 5 cts. oz 9 cts. $\frac{1}{4}$ lb 24 cts. (see cut.)

Denver Market. Resembles a curly or Savoy cabbage. Quite large, compact and of the finest, most delicate quality. Handsome and slow to run up to seed. $\frac{1}{2}$ oz 5 cts. oz 9 cts. $\frac{1}{4}$ lb 22 cts.

Mixed Lettuce Seed. We take equal quantities of above and other lettuce seed and mix them. By sowing this you can use early sorts as they mature, and allow later ones to form into heads. oz. 7 cts. $\frac{1}{4}$ lb 20 cts. lb 65 cts.

Ferry's Early Prize Head— $\frac{1}{2}$ oz 5 cts. oz 8c.

Trial order made from you was very satisfactory, the seeds were the best I ever bought
J. T. Ray, Advance, Tex.

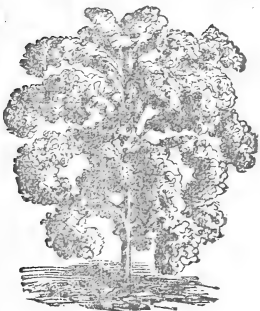

KALE or Borecole.

Dwarf Curled or German. Also called "Dwarf Curled Siberian or Scotch." Finely curled leaves of a deep green. Low growing, tender, good. oz 9 cts. $\frac{1}{4}$ lb 25 cts.

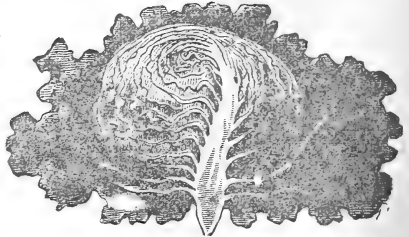

Tall Curled. Very ornamental hardy sort of fine quality. Leaves beautifully curled and fringed; will stand considerable freezing. $\frac{1}{2}$ oz 5 cts. oz 9 cts. $\frac{1}{4}$ lb 24 cts.

EGG PLANT.

BELL'S PERFECTION THORNLESS. A very large, smooth purple variety of the very best possible quality, entirely free from the objectionable thorns found on other sorts. The New York Purple and New Jersey Purple were the best sorts heretofore known; this combines their good qualities and is superior to either. $\frac{1}{4}$ oz 10 cts. $\frac{1}{2}$ oz 18c. oz 30 cts.

TALL KALE.

Hanson Lettuce— $\frac{1}{2}$ oz 5 cts. oz 8 cts.

People Like 
"Best and Cheapest
Seeds that Grow."

Your seeds have been received in orders at various times and some of them are 'away up' already, leaving some received from another firm quite behind them in growth and vigorous appearance. Thanks for the many extras received. I am sorry I did not know you before for I have never been better served. Your seeds are cheap and fresh and I have no doubt will come up to the standard of excellence promised in your catalogue.

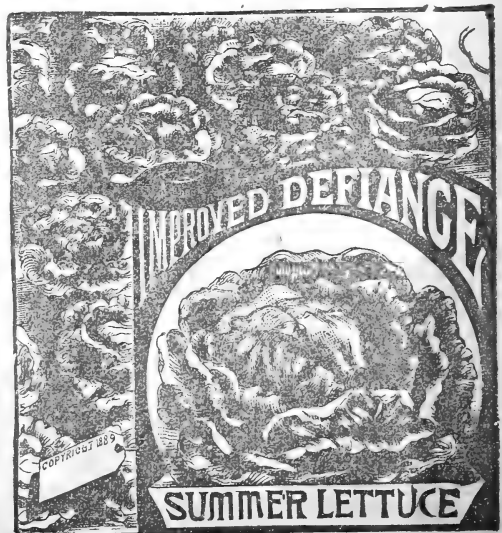

Mrs. J. J. Warreschke, Salem, N. C.

Your seeds do the best of any I ever had.

Mrs. Lucinda Roberson, Eva, Tex.

I have used your seed and know them to be the Best I ever used.

Mrs. Jane Richards, Wellford, S. C.

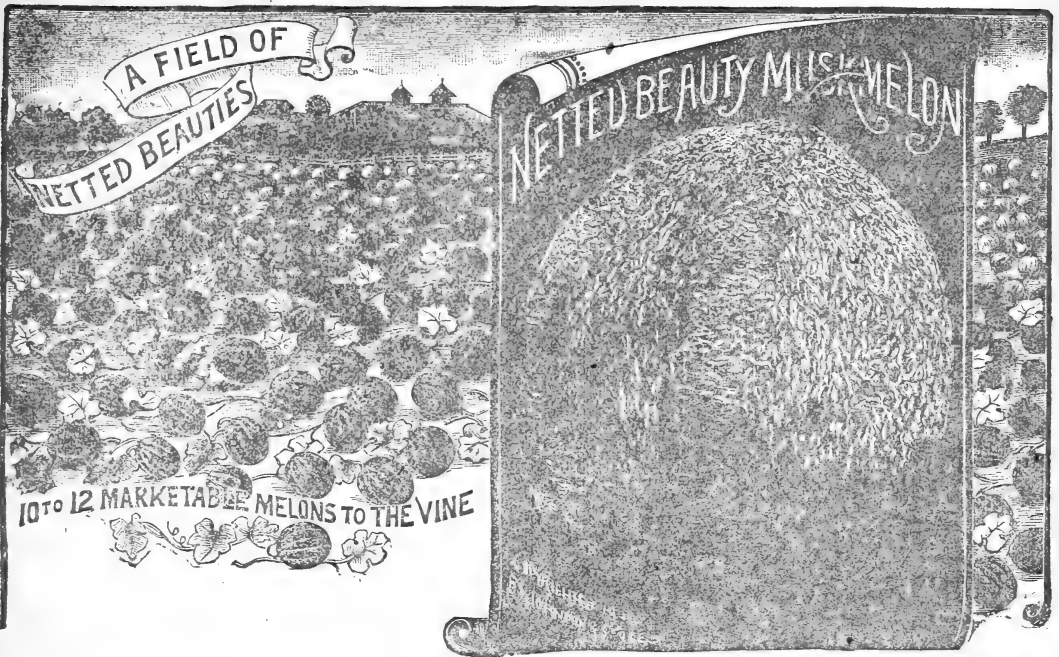

Selected MUSK MELON Seed.

Productive and Fine Quality.

NEW PAUL ROSE MUSK MELON.

This grand new variety which is also called Petoskey is slightly oval in shape, rather larger than Netted Gem, ribbed and heavily netted. The flesh is thick, rich deep orange color and ripens close down to the rind, with small seed cavity. Flesh very firm and delicious flavor. It is the handsomest and best shipping melon known and fine for home use, about equal to Emerald Gem. $\frac{1}{2}$ oz 5 cts. oz 9 cts. $\frac{1}{4}$ lb 20 cts. lb 65c.

ROCKY FORD (Improved Netted Gem.)

The most popular shipping melon known; skin silvery gray; flesh a rich green and so sweet and luscious that it may be eaten close to the rind. Very solid and firm, thick flesh and the finest possible quality. $\frac{1}{2}$ oz. 5 cts. oz. 8 cts. $\frac{1}{4}$ lb. 20 cts. lb. 60 cts.

Jersey Bella. An extra early, deliciously flavored, round, ribbed melon. oz 8 cts. $\frac{1}{4}$ lb 20c.

Bell's Improved Casaba. Large oblong, ribbed, good flavored. oz 6 cts. $\frac{1}{4}$ lb 15 cts. lb 45 cts.

Perfection Montreal. Immense size, very productive and good quality. oz 7c. $\frac{1}{4}$ lb 16c. lb 48c.

Banana. Creamy sort 20 inches long. Resembles great Banana. oz 8 cts. $\frac{1}{4}$ lb 25 cts. lb 65 cts.

Shumway's Giant. The largest melon grown. Said to be good. oz 6 cts. $\frac{1}{4}$ lb 15 cts. lb 45 cts.

Delmonico. With many this is popular. Flesh a deep rich orange, fine grain, and delicate, delightful flavor. ounce 7 cts. $\frac{1}{4}$ lb 18 cts. lb 50 cts.

Columbus. Good shipper with firm, fine netted skin. Flesh wonderfully sweet, melting and of spicy flavor. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 70 cts.

Melrose. Hardy, strong vigorous grower; oval; dark green color. Flesh very thick and solid; light green shading to salmon at the center. Quite early, good shipper, sweet, fine quality. oz 8 cts. $\frac{1}{4}$ lb 18 cts. lb 50 cts.

$\frac{1}{2}$ ounce any above Musk Melons mailed for 5 cents.

Seeds came to hand all right, much pleased with extras. I did not expect so much. Have sown most of them and they are doing well.

M. M. Wills, Fountain Dale, Pa.

Princess. Vigorous and productive with thick, handsome, solid, rich, salmon, luscious flesh. oz. 8 cts. $\frac{1}{4}$ lb. 18 cts. lb. 55 cts.

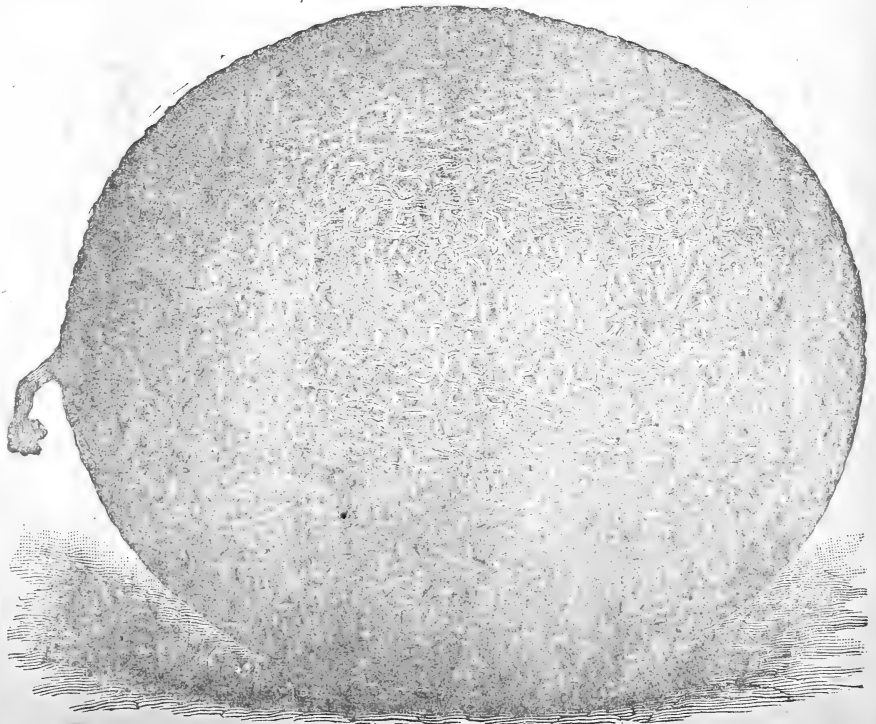

Netted Beauty. Extra early, extremely prolific, and of the richest most superior quality. oz. 8 cts. $\frac{1}{4}$ lb 18 cts. lb 50 cts.

Banquet. Rich salmon color; lusciously sweet and rich. Medium size, round, beautifully netted. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 55 cts.

Emerald Gem. The earliest to ripen and finest flavored of all melons. Rind very thin; flesh suffused with salmon; very productive. Unexcelled in rich delicious flavor. oz. 8 cts. $\frac{1}{4}$ lb 18 cts. lb 55 cts.

Extra Early Hackensack. A large, handsome, early, green fleshed rich, sugary variety, grown more extensively than any other. Earlier and better than old Hackensack. oz 8 cts. $\frac{1}{4}$ lb 17 cts. lb 50 cts.

Early Jennie Lind. Very fine early. oz 7 cts. $\frac{1}{4}$ lb 15 cts. lb 50 cts.

Melrose Musk Melon, Rich green flesh. oz 8 cts. $\frac{1}{4}$ lb 18 cts. lb 50 cts.

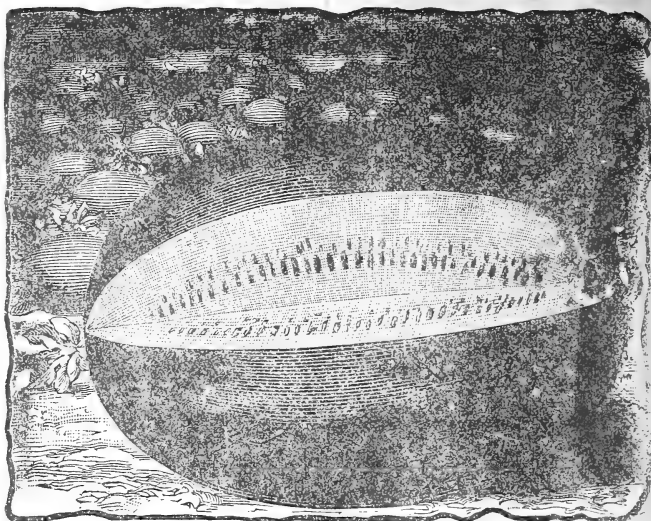

Best Standard Varieties—**Choice WATERMELON Seed.**—Compare prices on Melon Seed.

About 100 seed in a pkt. 1 oz. plants 60 hills.

Vick's Early. Very early, solid, sweet, oblong, pink flesh. Good for early crop. oz. 7 cts. $\frac{1}{4}$ lb. 18 cts. 1b 55 cts.
COLES EARLY. Considered the best all around extra early watermelon and surest to ripen up crop at north. Very sweet but rather small. oz 8 cts. $\frac{1}{4}$ lb 20 cts. 1b 60 cts.
Mountain Sweet. Early, hardy, medium size, oblong, sweet, succeeds well in north. oz 7 cts. $\frac{1}{4}$ lb 15 cts. 1b 55 cts.
Boss. Hardy, medium size, productive. oz 5 cts. $\frac{1}{4}$ lb 15 cts.
Ruby Gold. Oblong melon weighing about 40 pounds; yellow flesh with reddish veining, rich and tender, melts like cream in the mouth. oz 9 cts. $\frac{1}{4}$ lb 22 cts. 1b 60 cts.
Christmas. Extremely thin tough rind; greatest keeper of all. Rich, sugary flavor, oz 10 cts. $\frac{1}{4}$ lb 30 cts.

BELL'S SHIPPER WATERMELON.

Field of Green and Gold Watermelon—ounce 9 cts. $\frac{1}{4}$ lb 23 cts.

Green and Gold. A fine productive melon as shown in illustration above. Flesh rich lemon-yellow, sweet and juicy; early. oz 8 cts. $\frac{1}{4}$ lb 23 cts. 1b 65 cts.
Cuban Queen. A very large popular shipping sort; often attains a weight of 100 pounds. Flesh bright red, firm and luscious. oz 7 cts. $\frac{1}{4}$ lb 15 cts. 1b 50 cts.
Ice Cream or Peerless. An extremely sweet, solid, white seeded variety with a thin dark skin; flesh deep pink, and of the highest flavor. Fine for home use and near by market. Hardy and productive. oz 7 cts. $\frac{1}{4}$ lb 15 cts. 1b 45 cts.
Kolb Gem. Large, mottled skinned sort extensively grown for shipping. Very productive; flesh red, rather coarse. oz 7 cts. $\frac{1}{4}$ lb 18 cts. 1b 50 cts.
Scaly Bark. Solid, sweet, good bearer. oz 6 cts. $\frac{1}{4}$ lb 15 cts. 1b 40 cts.
Hungarian Honey. Hardy, small, early; rich honey flavor. oz 8 cts. $\frac{1}{4}$ lb 20 cts.
Dixie. One of the best of shipping melons; fruit rather large, dark green striped; rind thin but tough; flesh bright scarlet, ripening close to rind; of best quality and free from hard, coarse center found in many shipping melons. oz 8 cts. $\frac{1}{4}$ lb 15 cts. 1b 45 cts.

BELL'S SHIPPER. Some idea of this superb melon may be gained from the illustration. The flesh is a bright red and of excellent quality; very productive; handsomely striped; about a foot long. $\frac{1}{2}$ oz 5 cts. oz 9 cts. $\frac{1}{4}$ lb 15c.

SWEETHEART. Fast becoming popular as a home or shipping melon. It is hardy, vigorous and productive; early solid, tender and lusciously sweet and an excellent keeper. oz 8 cts. $\frac{1}{4}$ lb 20 cts. 1b 50 cts.

Mammoth Iron Clad. A good melon for home use or shipping. Large, solid crisp and sweet. oz 7 cts. $\frac{1}{4}$ lb 15 cts. 1b 45 cts.

ONIONS.

I employ one of the best growers of onion seeds in this country. My seed costs more to produce than carelessly grown seed, but it is worth more. Customers can rely on its being Fresh and the Best Possible to produce.

PRIZETAKER. or Spanish King.

THE BEST BIG ONION.

This great onion has yielded under favorable conditions 1000 to 1500 bushels an acre. It grows about three times as large as Yellow Globe Danvers but is a few weeks later in maturing. Flesh is a pure sparkling white, mild and tender. Owing to its fine appearance and mild, delicate flavor it always brings a high market price. Our American grown seed of this is much better than the imported seed offered by some seedsmen.

$\frac{1}{2}$ oz. 8 cts. oz 15 cts. 2 ozs. 25 cts. $\frac{1}{4}$ lb 40 cts. 1b \$1.25.

My prices on all seeds is just as Low as it is possible to produce Seeds of the Highest Quality. I invite comparison of prices.

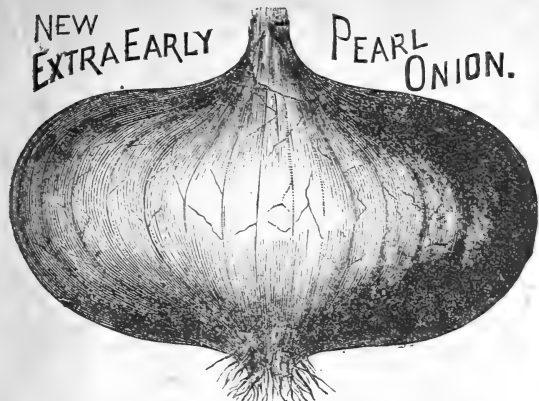

RELIABLE ONION SEED--CONTINUED

Packages contain from 1500 to 2000 seeds. 1 ounce sows 100 to 150 feet of drill. About 5 pounds is sown to the acre.

NEW
EXTRA EARLY

PEARL
ONION.

EXTRA EARLY AMERICAN PEARL ONION.

A very early variety growing to a good marketable size in a short time. Outer skin is waxy white the inner flesh a snow white, and so mild that it can be eaten like an apple. A fair keeper and succeeds almost everywhere. Usually matures in 90 days from sowing of seed. $\frac{1}{2}$ oz 10 cts. oz 18 cts. $\frac{1}{4}$ lb 50 cts. lb \$1.90.

AUSTRALIAN BROWN ONION.

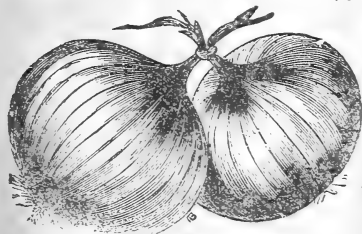

This onion has sprang rapidly into prominence in the last few years as being the hardest, best keeping sort known; will keep a year in perfect condition. Pale reddish brown, medium size, hard and solid yet ripening a month before ordinary varieties. Crop is always uniform, without thick necked or scullion onions. Flavor resembles Red Wethersfield. $\frac{1}{2}$ oz 5 cts. oz 9 cts. $\frac{1}{4}$ lb 25 cts. lb 90 cts.

LARGE RED WETHERSFIELD ONION.

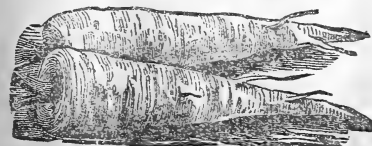

This is the standard sort for general crop in the west and is quite extensively grown in the east. It is a sure cropper, solid and heavy and one of the best of keepers; grows to a good size and usually sells for a good market price. The outer skin is a deep, rich, purplish red while the inner flesh is a pure white slightly tinted. We have a large stock of selected seed of this superb variety. $\frac{1}{2}$ ounce 5 cts. oz 9 cts. $\frac{1}{4}$ lb 25 cts. lb 95 cts. 3 pounds or over by express at 80 cents a pound.

Early White Queen Onion.

Bell's Rapid White Pickling.

HOLLOW CROWN PARSNIP.

Improved Guernsey Parsnip. This grows rather shorter than Hollow Crown but very thick and solid. Skin is smooth, clear and free from side roots; flesh is fine grained and of the richest possible quality. Customers praise this variety. oz 8 cts. $\frac{1}{4}$ lb 15 cts. lb 45 cts.

Bell's Rapid White Pickling Onion. The earliest small white onion grown; matures by the middle of summer. They grow about one inch in diameter and are of a mild delightful flavor. This is unsurpassed for a pickling sort. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts.

Bell's Extra Early Red. A flat red onion similar to Red Wethersfield but fully two weeks earlier. It is an abundant yielder, keeps well, nice bright red color, fine grained, good flavor. oz 10 cts. $\frac{1}{4}$ lb 28 cts. lb \$1.00.

Early White Queen. Extra early white; produces onions 1 to 2 inches through by the middle of summer. Mild flavor. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts.

Southport Large Red Globe. Beautiful, large, globe shaped, purplish crimson onion of excellent quality and a good keeper. Always sells well in market. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 45 cts. lb \$1.50.

Southport White Globe. $\frac{1}{2}$ oz 8 cts. oz 15 cts.

Mammoth Silver King. Very large, white skinned, white fleshed, rather early and so mild that it can be eaten raw like an apple. Weighs 2 to 4 lbs. $\frac{1}{2}$ oz 10 cts. oz 18 cts. $\frac{1}{4}$ lb 60 cts.

Mammoth Pompeii. Thin reddish skin, beautiful white flesh, fine grained, enormous size. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts.

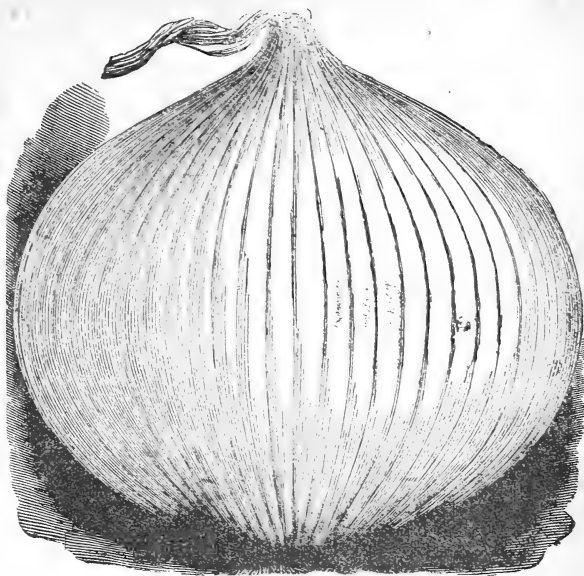

Giant Red Rocca. Giant size, mild delicate flavor; handsome globular shape and very good keeper. oz 10 cts. $\frac{1}{4}$ lb 35 cts. lb \$1.35.

ONION SETS. We expect to have an abundant supply. 25 cts. a quart by mail. By express quart 15 cts. peck \$1.00. If you use many write for prices in spring.

PARSNIP

Packets contain about 1000 seeds. 1 ounce sows about 200 feet of drill.

Long Hollow Crown. This is a popular sort of smooth, uniform growth; very productive, rich, sugary flavor. Roots are large, long and taper to a point. Keeps well and are improved by remaining in ground and freezing till used. ounce 7 cts. $\frac{1}{4}$ lb 15 cts. lb 43 cts.

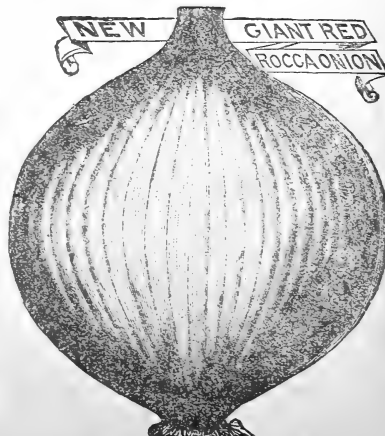

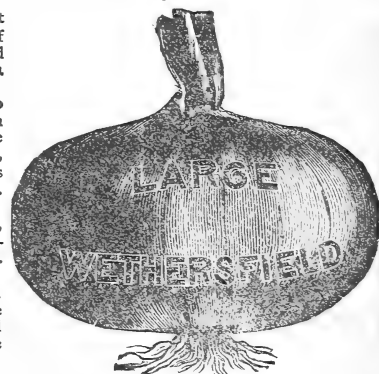

SELECTED YELLOW GLOBE DANVERS ONION.

This is the great onion for general crop in the east, being grown more extensively than any other. Our Selected Stock of this produces handsome, globe shaped onions, 2 to 3 inches in diameter of a beautiful yellow color. Flesh is a pure white, crisp and mild in flavor. Our strain of this is selected with a view of producing the most perfect shaped, small necked, uniform onions possible. You can not procure better seed at any price. I have an abundant crop and have made prices very low. $\frac{1}{2}$ oz 5 cts. ounce 9 cts. 2 ozs. 15 cts. $\frac{1}{4}$ lb 25 cts. lb 95 cts. By express, 2 lbs. or over 80 cts. lb.

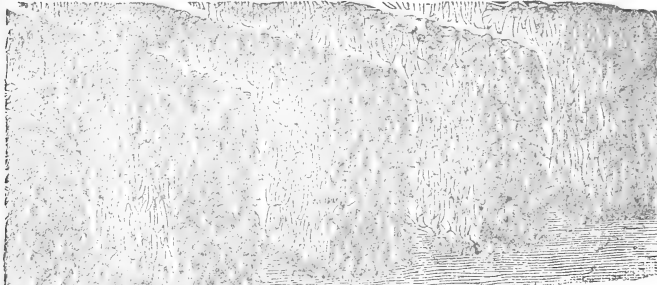

YELLOW ROUND or FLAT DANVERS.

Popular and reliable, always produces a big crop, often 600 bushels an acre. Handsome, good size, early, thin yellow skin; flesh white, fine grained and mild; good keeper. oz 8 cts. $\frac{1}{4}$ lb 25 cts. lb 85 cts.

FANCY, SELECTED, HAND-PICKED PEAS.

If you are a market gardener your best extra early pea will be Bell's Extra Early. Following a few days later comes Nott's Excelsior a pea of better quality, we can supply these at \$1.50 a peck. Later plant Advancer, Everbearing, Abundance and Horsford's Market Garden, the two last kinds we will supply at \$1.25 a peck.

NEW ABUNDANCE PEA.

1 quart sows from 75 to 100 feet of drill. 2 bushels is sown per acre in drills. Mailed postpaid at these prices. If you order by express deduct 16 cts. a quart. Bell's Extra Early. Unsurpassed in earliness, and the best extra early for market growers. 2 feet high, productive, ripens evenly. $\frac{1}{4}$ pint 6 cts. $\frac{1}{2}$ pt. 10 cts. quart 35 cts. Alaska. Extra early, round, blue pea of very fair quality; grows about 2 ft. high, ripens evenly. Popular for canning. $\frac{1}{2}$ pint 10 cts. quart 35 cts. American Wonder. Earliest wrinkled; sweet; 6 inches high. $\frac{1}{2}$ pt. 12 cts. quart 40 cts. Nott's Excelsior. Best, sweetest and most productive extra early wrinkled sort. Only a few days later than American Wonder and bears twice as much. $\frac{1}{4}$ pt. 7c. $\frac{1}{2}$ pt. 12 cts. quart 40 cts. Premium Gem. Fine early wrinkled sort, about a week behind extra earlies. Productive and good for home or market. $\frac{1}{2}$ pint 10 cts. quart 35 cts. McLean's Advancer. Great favorite with market growers. Productive, good quality and about 10 days behind extra earlies. $\frac{1}{2}$ pint 10 cts. quart 33 cts. Horsford's Market Garden. Branching, productive, wrinkled, second early. Usually bearing in clusters of 3 pods each. About 2 ft. high. $\frac{1}{2}$ pint 10 cts. quart 33 cts. (see cut) Bliss' Everbearing. One of the best; strong, stocky growth; large wrinkled peas, very sweet; medium early; continues bearing long. $\frac{1}{4}$ pint 7c. $\frac{1}{2}$ pt. 12 cts. quart 35 cts. (see cut.)

WHOLESALE PRICE OF PEAS.

At these prices they are sent by Express or Freight purchaser paying charges.

Quart.	Peck.	Bush.
Bell's Extra Early.....	\$1.18	\$4.50
Alaska.....	1.35	4.75
Bliss' Everbearing.....	1.20	4.35
McLeans Advancer.....	1.10	4.25
Telephone.....	1.40	5.25
Champion of England.....	1.15	3.85
Black-Eyed Marrowfats.....	.75	2.85

Bliss' Abundance. Branching, strong grower, loaded with well filled pods of luscious peas. Medium early, 2 ft. high. $\frac{1}{2}$ pint 11 cts. quart 35 cts.

Telephone. An enormous bearer, loaded with great pods each containing 8 to 12 large, sweet, wrinkled peas. 3 feet tall. $\frac{1}{2}$ pint 12 cts. quart 40 cts.

Champion of England. The best standard tall pea for family use or market. Finest flavor and a great bearer. Ratler late $\frac{1}{2}$ pint 9 cts. quart 32 cts.

Edible Pod Sugar. Pods sweet, eaten same as string beans. $\frac{1}{2}$ pint 15 cts. quart 45 cts.

Black-Eyed Marrowfat. Old productive field sort. Best for sowing with oats etc. Large handsome pods. $\frac{1}{2}$ pint 8 cts. quart 28 cts.

Good, New, Hand Picked peas like we offer are high this season. These prices are very low, quality considered.

The seeds came all right and I thank you for so many; I have 3 families to supply with them. We have been fooled on all our seeds before now, but never with yours; they are just as you represent.

Mrs. H. Cadman, Newark, Wis.

I have always found your seeds to be the best that I could find, and they have always given good satisfaction.

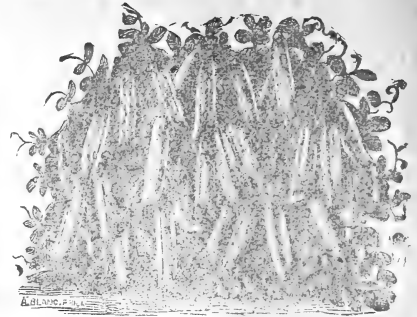

Mrs. J. Olson, Cushing, Maine.

The seeds I bought of you this spring are all growing fine. It pays to plant good, reliable seeds.

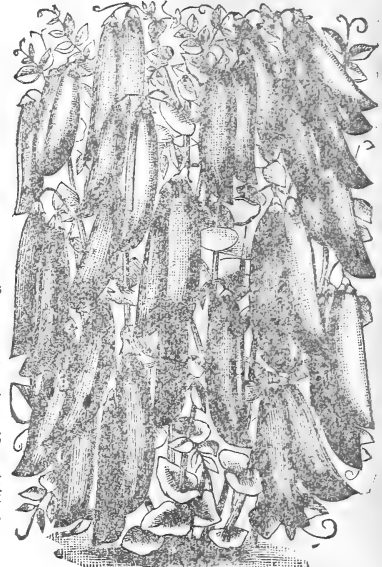

A. G. Thompson, Danville, Ind.

I wish to thank you for the extremely liberal additions made to my recent order.

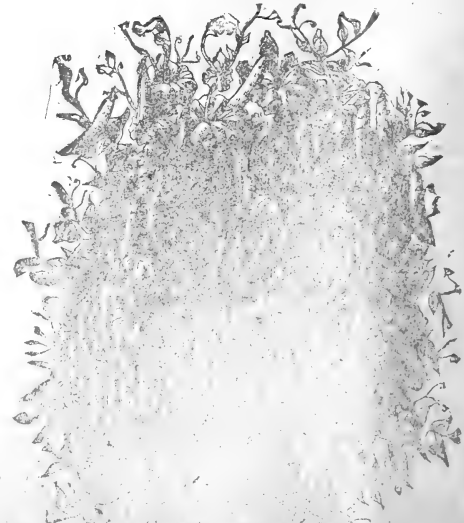

J. M. Crowley, Wilmington, N. C.

NOTT'S EXCELSIOR.

Single Plant
DRAWN FROM LIFE

PEPPER

Large Bell or Bull Noze. Very similar to Sweet Mountain but earlier. Vigorous and compact, productive, ripening its crop of large, glossy-red fruit evenly and early. Thick mild flesh; excellent quality for salads, pickles or stuffing with cabbage. One of the most satisfactory for home use. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts. lb \$1.75.

Golden Upright. Large and handsome, double the size of the old Golden Dawn. Rich golden yellow, mild and pleasant. $\frac{1}{4}$ oz 7 cts. $\frac{1}{2}$ oz 12 cts. oz 20 cts. $\frac{1}{4}$ lb 75 cts.

Long Red Cayenne. Long, slim, small pods, hot and pungent. $\frac{1}{2}$ oz 8 cts. oz 15 cts.

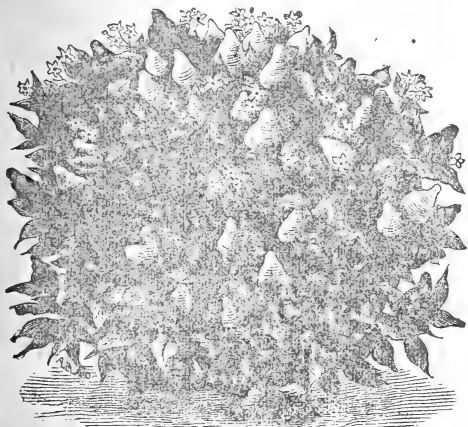

Mammoth Golden Queen. Largest and best of the sweet yellow peppers. Perfect shape, uniform size, mild and delicate flavor. Plants bear 10 to 15 fruits 8 to 10 inches long by 4 to 5 inches through. $\frac{1}{4}$ oz 8 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts. $\frac{1}{4}$ lb 75 cts.

Mammoth Ruby King. This is beyond doubt the most popular pepper grown. Plants are loaded with bright, ruby red fruit of immense size and mild, delightful flavor. The best liked sort for mangos; thick, crisp, tender flesh, so mild that it may be eaten like an apple when seeds are removed. $\frac{1}{4}$ oz 7 cts. $\frac{1}{2}$ oz 12 cts. oz 20 cts. $\frac{1}{4}$ lb 65 cts.

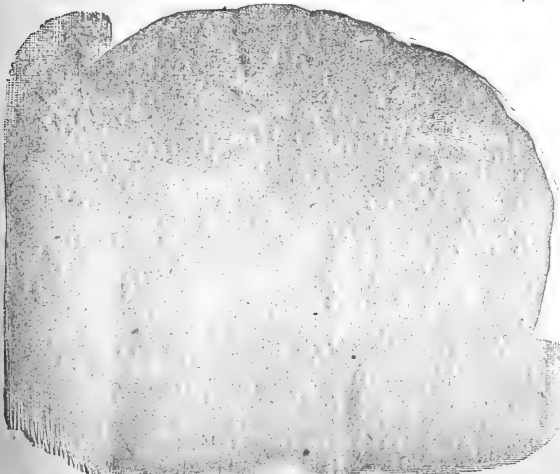

Procopp's Giant Pepper.

The above illustration shows its productiveness; 8 to 12 of these mammoth fruits, averaging 8 inches long and 3 inches through on each plant. Flesh half inch thick, scarlet color, pleasant flavor. $\frac{1}{4}$ oz 8 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts. $\frac{1}{4}$ lb 75c.

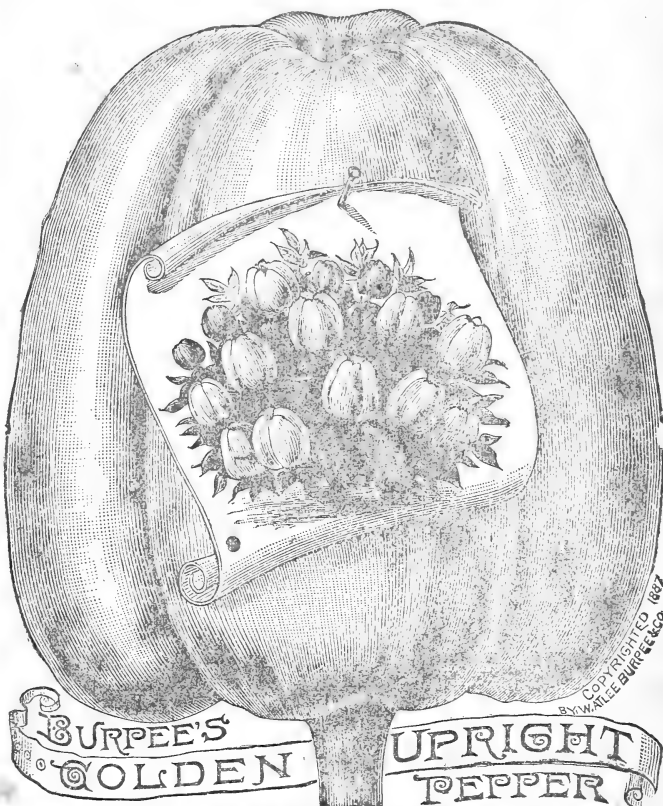

CELESTIAL PEPPER.

Pods are extremely ornamental, and are borne upright in great numbers, often 30 to 40 on a single plant. The peppers are medium size, creamy yellow till ripe, when they change to a bright scarlet. The fruit is not only ornamental but of superior quality. $\frac{1}{4}$ oz 8 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts.

KING OF MAMMOTHS PUMPKIN— $\frac{1}{2}$ oz 6 cts. oz 10 cts.

PUMPKINS

Sugar. Smaller, firmer, finer grained and sweeter than common pumpkins. Deep, rich yellow; thick meat. Reliable sort to grow for pies or home use. Splendid keeper. oz 7 cts. $\frac{1}{4}$ lb 15 cts. lb 45 cts.

Japanese Pie. Flesh deep yellow and of the finest quality; extremely sweet and desirable for pies. Early. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 65 cts.

King of Mammoths or Potiron. Also called "Jumbo". Enormous size, often weighing over 200 pounds. Salmon-orange skin, thick, bright yellow, fine grained flesh, good quality even for pies. Profitable for stock on account of large size. $\frac{1}{2}$ oz 6 cts. oz 10 cts. $\frac{1}{4}$ lb 30c. lb \$1.00

Large Touters. As large or larger than preceding; hardly as good with us in this locality. oz 8 cts. $\frac{1}{4}$ lb 18 cts. lb 50 cts.

Winter Luxury. Fine small fruited sort. (See under Squashes.)

Connecticut Field. (Same as Big Tom). Very hardy and productive; the best and surest cropper for field culture or planting with corn or potatoes. Good quality. oz 5 cts. $\frac{1}{4}$ lb 12 cts. lb 30 cts. quart 25 cts. By express 15 cts. a quart.

Parsley. Triple Moss Curled. Best and handsomest so far grown; finely curled. oz 9 cts. $\frac{1}{4}$ lb 25c. Giant Curled. Good sort, nicely curled. oz 8 cts. $\frac{1}{4}$ lb 20 cts.

Emerald Dwarf. Moss-like leaves, pretty. oz 8 cts. $\frac{1}{4}$ lb 20 cts.

Okra. White Velvet. Tall, with long pods, excellent flavor. Very tender. oz 7 cts. $\frac{1}{4}$ lb 15 cts.

Endive. Green Curled. A hardy and desirable sort for home use or market. The finely curled leaves blanch readily to a crisp, fine flavor. $\frac{1}{2}$ oz 7 cts. oz 12 cts. $\frac{1}{4}$ lb 30c.

Packets any Vegetable Seed—4 cts. each; 3 pkts. for 10 cts. 5 or over at 3 cts. a pkt. 20 pkts. or over at 2 $\frac{1}{2}$ cts a pkt.

—RADISH.—

ALL BEST FRENCH GROWN SEED.

Packets contain about 1000 seeds.

- Rose Olive Shaped.** An olive-shaped variety of excellent quality and very early. Good and tender. oz. 7 cts. $\frac{1}{4}$ lb 15 cts. lb 55c.
- Vick's Early Scarlet Globe.** Mild, crisp, juicy and tender; stands heat well and is very early and one of the best sorts for forcing. (see figure 7 in cut.) oz 8 cts. $\frac{1}{4}$ lb, 18 cts. lb 65 cts.
- Early Scarlet Turnip.** This is the most extensively grown of any. Very early, grows quickly, crisp, tender and fine flavor. (see figure 3.) oz 7 cts. $\frac{1}{4}$ lb 15 cts. lb 55 cts.
- Scarlet Hustler.** One of the earliest of all and the best early radish. Round turnip shape, bright attractive form, scarlet, fine quality. (Figure 4.) oz 10 cts. $\frac{1}{4}$ lb 22 cts. lb 75 cts.
- Rosy Gem or White Tipped Turnip.** Very handsome, the top being bright scarlet, the bottom pure white. Extra early and of fine quality. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 55 cts.
- French Breakfast.** A grand old early, oblong sort, about 2 in. long by $\frac{1}{8}$ inch through. Very mild, crisp and tender; excellent for home or market. oz 7 cts. $\frac{1}{4}$ lb 17 cts. lb 55 cts.
- White Box.** The best and most popular round white radish; rapid grower, fine quality, can be grown thickly, does not become pithy quickly. (Figure 8.) oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 60 cts.
- Long Scarlet Short top.** The old standard long sort, 6 to 8 in. in length, brittle and good, ready for use in one month from sowing. (Figure 6.) oz 6 cts. $\frac{1}{4}$ lb 15 cts. lb 48 cts.
- Chartier or Shepherd.** Roots 1 to 2 inches through and 6 to 8 long; top a bright carmine shading to white at bottom; crisp, tender and almost unequalled quality where they succeed well. (Figure 1.) oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 60 cts.
- White Strasburg.** A fine long, smooth, white radish, that withstands heat well; large size, crisp, solid and mild flavor; slow to run to seed. (Figure 2.) oz. 7 cts. $\frac{1}{4}$ lb 18 cts. lb. 55 cts.
- White Lady Finger.** Popular handsome, long, slim, smooth, white variety. Rather early, crisp, and of the best quality. One of the best. ounce 8 cts. $\frac{1}{4}$ lb 20 cts. lb 60 cts.
- Giant White Stuttgart.** Grows large as a Ruta Baga Turnip; Good, solid, pure white. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 55 cts.
- Mixed Radish Seed.** Seed of all the above summer varieties. By sowing this you can pull early ones as they mature, thus making room for later ones to grow. One sowing will give you radishes for a month or two, oz 6 cts. $\frac{1}{4}$ lb 15 cts. lb 45 cts.

Winter Radishes.

- Chinese Rose.** Large size, flesh white, crisp, solid, keeps well. Upper portion bright scarlet shading to carmine rose at bottom. (Figure 5.) oz. 8 cts. $\frac{1}{4}$ lb 18 cts. lb. 55 cts.
- California Mammoth.** Largest variety of all, pure white, finest quality. oz 8 cts. $\frac{1}{4}$ lb 20 cts. lb 60 cts.
- Long Black Spanish.** Old variety which owing to its peculiar flavor is preferred by many. oz 7 cts. $\frac{1}{4}$ lb 18 cts. lb 55 cts.
- Sow Winter Radish seed in July, pull and store away for winter use same as turnips.*

SPINACH.

- Round or Summer.** An excellent early sort for spring sowing; thick, rounded, crumpled, dark green leaves, Good quality. oz 5 cts. $\frac{1}{4}$ lb 13 cts. lb. 25 cts
- Long Standing Thick Leaved.** One of the most popular for spring sowing; leaves large, thick and fine quality. Stands long before running up to seed. oz 5 cts. $\frac{1}{4}$ lb 12 cts. lb. 35 cts.
- Bloomsdale Savoy Leaved.** Hardy, may be sown in fall for early spring use. oz 5 cts. $\frac{1}{4}$ lb 14 cts. lb. 38 cts.
- Prickly or Fall.** The old standard for fall sowing; will produce a large crop early in spring. oz 5 cts. $\frac{1}{4}$ lb 12 cts. lb 35 cts.

It pays to sell seeds to your neighbors.

Received box of seeds, have been out only one afternoon and sold 101 packets.

Clair Parker, East Masonville, N. Y.

SALSIFY or VEGETABLE OYSTER.

Roots are a desirable substitute for oysters. May remain in ground all winter and be pulled as desired.

- White French.** Old standard, popular well known variety; good quality and desirable. Roots white, 8 to 10 inches long, and three fourths of an inch through. oz. 8 cts. $\frac{1}{4}$ lb 28 cts. lb 90 cts.
- Mammoth Sandwich Island.** About double the size of the preceding and equally as good in quality. The best and most desirable sort for general cultivation. We especially recommend this variety. $\frac{1}{2}$ oz. 6 cts. oz 10 cts. $\frac{1}{4}$ lb 35 cts. lb \$1.10.

I sent to you last year and all the seeds turned out nice.

Anna D. Roth, Stowe, Pa.

I have received the seed from you all right. I thank for all the extra packets of seed. Wish you success.

Chas. S. Hune, Northfield, Conn.

For 20 years I have been supplying direct to planters "Best and Cheapest Seeds that Grow". I have received thousands of testimonies from satisfied customers, a few of which are printed in this catalogue. Is it fair to suppose that some small Seed Dealer who buys anything he can get from a Jobbing House can offer you as good seeds?

SQUASH

A packet plants 8 to 10 hills. 1 oz will plant 25 to 30 hills.

Early White Bush Scalloped. Early, good shipper. oz. 7 cts. $\frac{1}{4}$ lb 18 cts. 1b 60c.
Golden Summer Crookneck. The best known and most popular summer variety. More extensively grown than all the others combined. Matures quickly, fine quality and very desirable. oz. 7 cts. $\frac{1}{4}$ lb 18 cts. 1b 65 cts.

White Bush Crookneck. White, similar to above. oz. 9 cts. $\frac{1}{4}$ lb 25 cts.

Giant Summer Crookneck. Strong growing vines, fruit 2 to 3 times as large as the ordinary Crookneck. Good quality. oz. 8 cts. $\frac{1}{4}$ lb 20 cts. 1b 75 cts.

White Pineapple. Fine autumn sort. oz. 8 cts. $\frac{1}{4}$ lb 20 cts.

Red China. Productive, fine flavored sort. oz. 7 cts. $\frac{1}{4}$ lb 20 cts.

Fordhook. One of the earliest to ripen and most productive of all winter squashes. A fine keeper and fit for use at all stages of its growth. Meat thick, sweet, solid and distinctly rich in flavor. oz. 10 cts. $\frac{1}{4}$ lb 25 cts. 1b 95 cts.

Early Orange Marrow. As compared with Boston Marrow this is earlier and more productive. They are in their prime from Sep. till Jan. Flesh thick, fine grained, and good quality. oz. 8 cts. $\frac{1}{4}$ lb 18 cts. 1b 65 cts.

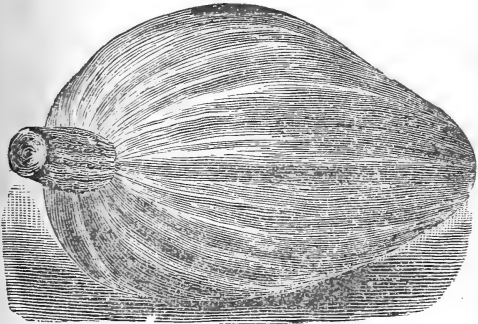

Faxon. A fine winter squash which is fit for use at all stages of its growth. Outer skin yellow and green; inner flesh rich yellow, very sweet and dry. Almost a rival of the Hubbard. oz. 8 cts. $\frac{1}{4}$ lb 20 cts. 1b 70 cts.

Marblehead. One of the old standard sorts and a good keeper; flesh sweet and good flavor. Larger than Hubbard; productive. oz. 7 cts. $\frac{1}{4}$ lb 18 cts. 1b 65 cts.

Essex Hybrid. Flattened, good winter sort. oz. 7 cts. $\frac{1}{4}$ lb 18 cts. 1b 65 cts.

Giant Summer Crookneck—Ounce 9 cts.

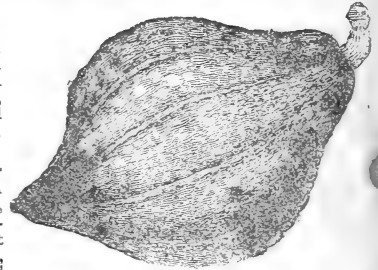

Sibley Squash—oz 7 cts. $\frac{1}{4}$ lb 17 cts.

Sibley or Pikes Peak Squash.

An extremely prolific, very hard, fine keeper. With us this squash has given better satisfaction than other with the possible exception of the Hubbard. Skin olive green, flesh golden yellow, dry, sweet and excellent quality. oz 7 cts.

$\frac{1}{4}$ lb 17 cts. 1b 65 cts.
Livingston's Pie Squash or Winter Luxury Pumpkin. An excellent, very productive small variety, only 6 to 8 inches in diameter but are produced in great numbers. Flesh is a deep yellow, of the richest, sweetest flavor and enexcelled for pies. oz 9 cts.

In packets my seed costs about half others prices.

HUBBARD SQUASH.

Genuine Improved Hubbard. For years the Hubbard Squash has been the acknowledged "Standard of Excellence" among the winter

squashes. Vines strong and vigorous; fruit medium size, shape shown in illustration. Skin is dark green; flesh is very dry, sweet and rich. In keeping qualities and good eating qualities it is unsurpassed. (Seed of this is very short this season.) oz 9 cts. $\frac{1}{4}$ lb 24 cts. 1b 85 cts.

Golden Hubbard. Very similar to other Hubbards except skin is a rich orange yellow turning to a deep salmon red; it is somewhat earlier, rather more productive and equally as good a keeper as the green shelled Hubbard. In dry sweet flavor it is unexcelled. oz 10 cts. $\frac{1}{4}$ lb 35 cts. 1b \$1.25
Chicago Warty Hubbard. This has a green skin but very heavily warted, otherwise it is similar to the Hubbard; it is however said to be rather sweeter and a better keeper. oz 10 cts. $\frac{1}{4}$ lb 35 cts. 1b \$1.15.

Mammoth Chili Squash. A giant, often attaining a weight of 100 to 200 pounds; good to grow for exhibition purposes. Fair quality. oz 9 cts. 2 ozs. 15 cts. $\frac{1}{4}$ lb 25c.

RHUBARB

Called also **PIE PLANT**; leaf stems are used for pies. Good size roots for transplanting may be grown in one year from seed.

Linnaeus. Very desirable early sort for pies; good size and fine quality. $\frac{1}{4}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 40 cts.

Large Victoria. Extremely large, fine flavor. Good for home use or market. $\frac{1}{4}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 40 cts.

Collards. True Georgia. Large open heads used for greens in the South. Stays green all winter. oz. 9 cts. $\frac{1}{4}$ lb 25 cts.

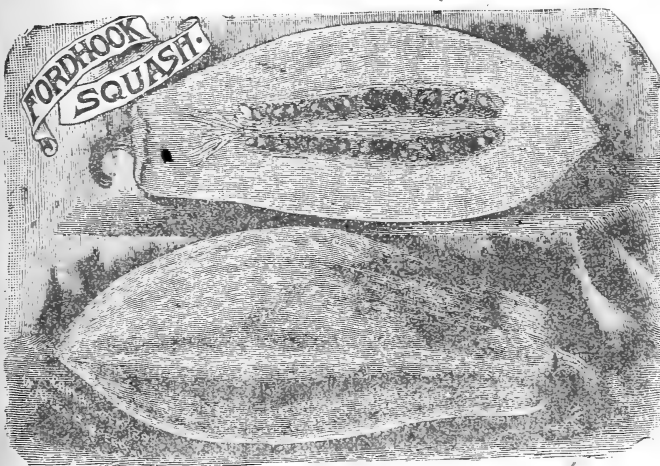

Cress or Peppergrass

Fine Curled. Prized as a salad, sow thickly every 2 weeks for a succession. oz 7 cts. $\frac{1}{4}$ lb 14 cts. 1b 45 cts.

Water Cress. The most delicious of all green salads. It must be grown along streams. $\frac{1}{4}$ oz 10 cts. oz 28 cts.

Pyrethrum. Roseum. "Insect Powder Plant". Dry and powder leaves; sift on plants will kill insects. Packet seed 5 cts.

Nasturtium. Tall Mixed. Green pods relished for pickles on account of agreeable pungent taste. pkt 5 cts. oz 8 cts.

EGG PLANT. Early Long Purple. Very early maturing and productive; fruit long, dark rich purple and fine quality. $\frac{1}{4}$ oz roots. oz 18 cts. $\frac{1}{4}$ lb 55 cts.

New York Purple. The standard market sort; large size with smooth, glossy, deep purple skin. $\frac{1}{4}$ oz 8 cts. $\frac{1}{4}$ oz 15 cts. oz 25 cts. 2 ozs. 45 cts.

MUSTARD. White. The most popular sort for salads and culinary purposes. oz 5 cts. $\frac{1}{4}$ lb 14 cts. 1b 40 cts.

Brown Mustard. Stronger than White for this reason it is used more in commerce. oz 5 cts. $\frac{1}{4}$ lb 14 cts. 1b 40 cts.

PACKETS of NEW and OLD VEGETABLE SEED are all the SAME PRICE, 1 packet 4 cts. 3 pkts. for 10 cts. 5 pkts. or over at 3 cts. a pkt. 20 pkts. or over at $2\frac{1}{2}$ cts. a pkt. 50 pkts. or over at $2\frac{1}{4}$ cts. a pkt. At these prices you may select any varieties of Vegetable Seed in this Catalogue. We Mail them Postpaid.

DO YOU KNOW a good, honest boy, girl or any one who will take a Box of Seeds and sell them for us? We put up the best selling assortment of 125 packages. We mail them to you and ask you to sell all you can at 4 cents a packet (or you can sell at any price you choose.) You send us 2 cents each for all you sell and mail back the unsold ones. You can sell 100 packets in a day, making \$2.00. Send reccomend of your Pastor or Post Master to say you are honest and will do as you agree, and we will mail you a box. After selling most of a box, should you wish more, remit for what are sold and order another box.

TOMATO.

Packages contain about 800 seeds. Our List contains all the Very Best Sorts.

Bell's Extra Early. Fine extra early red; fair size, good yielder and ripens up evenly and early. $\frac{1}{4}$ oz 8 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts. $\frac{1}{4}$ lb 65 cts.
Atlantic Prize, Good extra early red. $\frac{1}{4}$ oz 6 cts. $\frac{1}{2}$ oz 10 cts. oz 18 cts.
Early Ruby. Extremely early red; open growth of plant insures even and early ripening of crop. $\frac{1}{4}$ oz 7 cts. $\frac{1}{2}$ oz 12 cts. oz 20 cts. $\frac{1}{4}$ lb 60 cts.
Fordhook First. One of the best extra early, smooth red: free from cracks, good color and productive. $\frac{1}{4}$ oz 7 cts. $\frac{1}{2}$ oz 12 cts. oz 20 cts. $\frac{1}{4}$ lb 65 cts.

BELL'S SATISFACTION. We believe this Tomato possesses more good qualities than any other. A prominent grower who has tried every sort says, "It is the best large, smooth, red tomato for home, canning or market." $\frac{1}{4}$ oz 8 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts. $\frac{1}{4}$ lb. 85 cts,

BELL'S ENORMOUS. This is not only the largest but the BEST large tomato. Very smooth, bright red, round form, 4 to 5 inches in diameter thick, solid meat with few seeds. Immensely productive, each vine being loaded with fruit. $\frac{1}{4}$ oz 10 cts. $\frac{1}{2}$ oz 18 cts. oz 30 cts. $\frac{1}{4}$ lb 90 cts.

Mansfield's Tree or Climbing. May be trained to climb 10 foot. Fruit large solid, medium early. $\frac{1}{2}$ oz 10 cts. oz 18 cts. $\frac{1}{4}$ lb 60 cts.

Stone. Extra solid, large late variety with handsome scarlet fruit. One of the best for market or canning. Ripens evenly. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 65 cts.

Matchless. Beautiful large red, similar to Stone. $\frac{1}{2}$ oz 8 cts. oz 15 cts.

HONOR BRIGHT. Very distinct and valuable, especially for shipping a distance when it is picked while yellow before turning red. Solid, great bearer, good size, smooth. $\frac{1}{4}$ oz 7c. $\frac{1}{2}$ oz 12c. oz 20 cts. $\frac{1}{4}$ lb 55 cts.

Henderson's Ponderosa. Mammoth size, deep red, solid, heavy, few seeds, good quality. Not so smooth as Bell's Satisfaction. $\frac{1}{4}$ oz 8c. $\frac{1}{2}$ oz 15c. oz 25

Golden Queen. Fine large, smooth yellow. $\frac{1}{4}$ oz 8 cts. oz 15 cts.

Golden Trophy. Grand, large, smooth yellow. $\frac{1}{2}$ oz 10 cts. oz 18c. $\frac{1}{4}$ lb 65c.

Perfection. Good, solid red. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts.

Livingston's Favorite. A very popular, medium size, round, smooth red of finest quality. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 50 cts.

Dwarf Champion. Bushy tree-shaped; early, fruit dark crimson, good size. Holds fruit off ground. $\frac{1}{2}$ oz 10 cts. oz 18 cts. $\frac{1}{4}$ lb 65 cts.

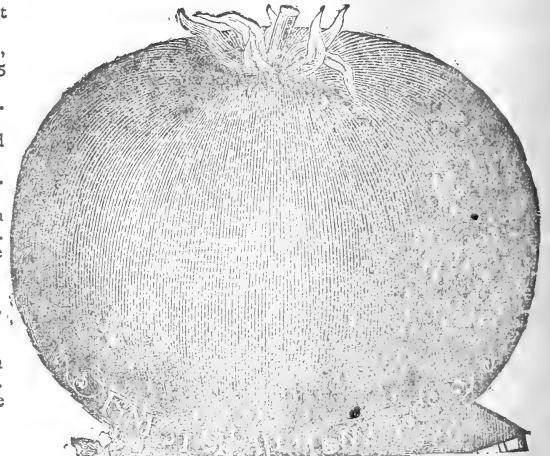

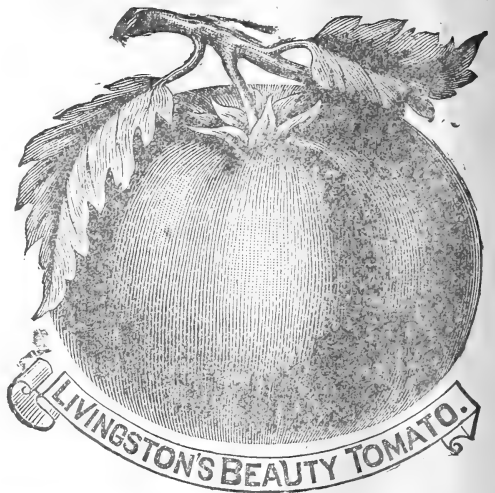

Livingston's Beauty. Probably the most popular market sort of all on account of its smooth, regular form and deep, rich, purplish-crimson color. Fruit 3 to 4 inches in diameter and very thick, solid and heavy and of the most excellent quality. $\frac{1}{2}$ oz 10 cts. oz 18 cts. $\frac{1}{4}$ lb 50 cts.

Acme. Similar to above but earlier and poorer. oz 12 cts. $\frac{1}{4}$ lb 45 cts.

Mayflower. One of the earliest of the rich, glossy red tomatoes. Large, smooth and excellent flavor. $\frac{1}{2}$ oz 8 cts. oz 15 cts. $\frac{1}{4}$ lb 55 cts.

Buckeye State. Large, solid, good. $\frac{1}{2}$ oz 10 cts. oz 18 cts.

Strawberry or Winter Cherry. Very sweet flavored small fruit which grows enclosed in a husk and will keep all winter if remaining in the husk. Desirable for preserving, drying in sugar or eating as tomatoes. Vines are wonderfully prolific. $\frac{1}{4}$ oz 9 cts $\frac{1}{2}$ oz 15 cts. oz 25 cts. $\frac{1}{4}$ lb 75 cts.

BELL'S SATISFACTION—pkt 4 cts. $\frac{1}{4}$ oz 8 cts,

The above illustration represents one of the Best and Most Satisfactory Tomatoes for general use ever introduced. (See prices.)

One of the Solidest, Firmest and Best New "SUCCESS" Tomato.

The introducer says of this: "It is the most productive of all—the brightest color of all—the best seller of all—the most profitable of all for canning—one of the grandest for forcing under glass—the best shipper, reaching its destination 1000 miles away in as firm and solid condition as when started." Vines vigorous, compact, ripening its immense crop up evenly to the stem without ridges or cracks. It is nearly all solid meat—very few seeds; being very deep from stem to blossom it is heavier than any other. Handsome, smooth, brilliant red, of the finest quality for home or market. $\frac{1}{4}$ oz 12 cts. $\frac{1}{2}$ oz 20c. oz. 35 cts. $\frac{1}{4}$ lb \$1.15. lb \$3.75.

Almost Seedless and Solid as Beefsteak. CRIMSON CUSHION Tomato.

This has been justly styled the "Crimson-scarlet Brother" of that magnificent variety, Ponderosa. It is thought by many that this class of large, almost seedless, meaty tomatoes will eventually be grown almost to the exclusion of the small, seedy, strongly acid sorts now so common. Crimson Cushion is symmetrical, thick, brilliant scarlet-crimson, ripens completely to the stem, quite early, enormously prolific, firm, meaty, and superb quality. $\frac{1}{4}$ oz 10 cts. $\frac{1}{2}$ oz 18 cts. oz 30 cts. $\frac{1}{4}$ lb \$1.10; lb \$3.75.

Bell's Extra Early and Satisfaction are Grand Tomatoes

The Earliest of All TOMATOES.

New Earliana.

Every one who has tried this Grand, New Tomato seems enthusiastic in praising it as the *Best and Earliest Large, Smooth Red Tomato*. It is claimed to be fully a week ahead of other early varieties. Plants strong and vigorous setting fruit in great abundance. Fruit large size, perfect form, bright red color and delicious flavor. It ripens clear to the stem and does not crack. It is equally as solid and fine flavored as the medium early varieties. $\frac{1}{4}$ oz 10 cts. $\frac{1}{2}$ oz 18 cts. oz 30 cts. $\frac{1}{4}$ lb \$1.00.

What Growers Think of Bell's Enormous TOMATO.

"Best Giant Tomato ever grown, even beats Ponderosa and Crimson Cushion." "Six inches in diameter is what the best average." "If you want a large, handsome, nice red, firm, good shipper of excellent quality try Bell's Enormous."

NEW EARLIANA TOMATO.

Turnip.

Flat or Field Varieties.

1 oz sows 150 feet of drill. 1 lb sows an acre.

White Blackberry-Iceberg.

This grand novelty is sure to more than please every one who tries it. Plants are hardy, good growers and bend loaded with great clusters of the purest, snowy white, so transparent that the seeds, which are small, may be seen in the berries when ripe. Fruit is the finest quality, sweet, tender and luscious. Productive and ripens early. 1 plant by mail 15 cts. 6 for 65 cts. 12 for \$1.10. By express 100 for \$3.90.

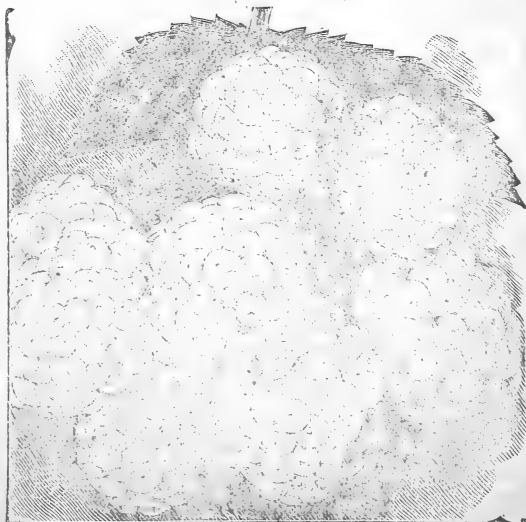

I like your seeds very much, I have not had any of them fail to come up and grow. Thanks for your promptness.

Fred E. Peaslee, So. Danbury, N. H.

Mr. Peaslee has been buying seed of me for many years. He buys several dollars worth each season.

I like your seeds, everything I got of you last year did well.

Mrs. H. S. Holmes, Bazette, Texas.

NEW WHITE BLACK BERRY-ICEBERG.

⊗ Carefully Grown--FARM SEEDS--Superior Quality.⊗

These prices include bags to ship in.

Selected Seed Corn.

LONGFELLOW FLINT CORN.

This is the best large early corn for northern localities where the Dent varieties do not mature. Cob small, very long, filled out to ends with 8 rows of deep, yellow kernels. Stalks large, often grown in far north as an ensilage corn. Ripens well in Canada. $\frac{1}{2}$ pint 8 cts. quart 30 cts. by mail. By express quart 15 cts. peck 50 cts. bush. \$1.75.

KING PHILIP FLINT CORN.

Extra early reddish-brown, suitable for planting in the extreme north. $\frac{1}{2}$ pint 8 cts. quart 30 cts. By express quart 15c. pk. 60c. bush. \$1.00.

BELL'S THOROUGHbred RURAL WHITE FLINT.

This is extremely valuable either for crop or ensilage. It suckers most freely with large foliage thus producing a large amount of fodder. Early and unexcelled for the north. $\frac{1}{2}$ pint 8 cts. quart 30 cts. by mail. By express quart 14 cts. peck 65 cts. bushel \$1.90.

EXTRA EARLY HURON DENT CORN.

The earliest Dent corn in existence: will ripen in many parts of N. Y. State. Bright yellow color with good size stalks: productive. $\frac{1}{2}$ pint 8c. quart 28 cts. By express quart 13 cts. peck 65 cts. bush. \$1.85.

EXTRA EARLY BUTLER DENT CORN.

An extra early, suitable for north, will mature about as far north as Early Huron. Very desirable variety for an early Dent. $\frac{1}{2}$ pint 8 cts. quart 28 cts. By express quart 13 cts. peck 65 cts. bush. \$1.85.

IMPROVED LEAMING DENT CORN.

One of the most popular of ensilage varieties here. early, yellow. $\frac{1}{2}$ pt 8 cts. quart 28 cts. By express quart 12 cts peck 50 cts. bush. \$1.50.

EARLY MASTODON DENT CORN.

This is the most popular and wonderful Dent Corn known; in N. Y. State in has made a record of over 200 bushels of shelled corn per acre. It is a rapid strong grower; fully 3 weeks earlier than Golden Beauty, and ten days earlier than Leaming. Handsome large, deep kernels. $\frac{1}{2}$ pint 8c. quart 28 cts. By express quart 13c. peck 65 cts. bush. \$1.65.

PRIDE OF THE NORTH DENT CORN.

Quite early and extensively grown in the north for ensilage: one of best. By express quart 13 cts. peck 50 cts. bushel \$1.50.

CUBAN GIANT ENSILAGE CORN.

The greatest ensilage corn, will produce more fodder than any other. $\frac{1}{2}$ pt. 8c. quart 28 cts. By express quart 12c. peck 50 cts. bush. \$1.50.

POP CORN.

Golden Beauty. We consider this almost unequalled; pops out much larger than ordinary sorts, Yellow, rich fine flavor. Stalks large and bear 2 to 3 ears each. $\frac{1}{2}$ pint 10 cts. quart 34 cts. by mail.

White Rice. Very prolific, popular white variety; ears short, kernels resembling rice, $\frac{1}{2}$ pint 10 cts. quart 33 cts.

Silver Lace. A fine white popping sort. $\frac{1}{2}$ pint 10 cts. quart 33 cts.

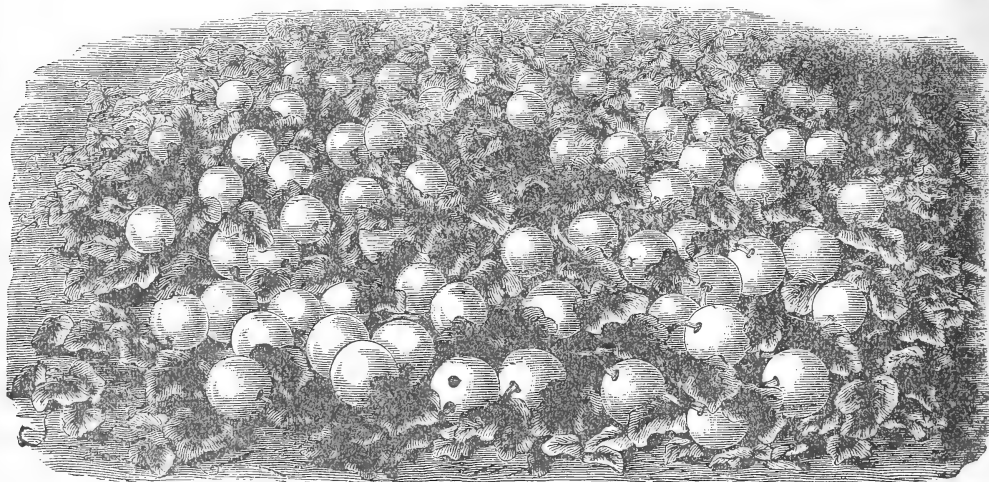

JAPANESE MILLET.

A most valuable fodder plant yielding 10 to 15 tons per acre of green fodder; will produce a good crop if sown after haying. Sow 8 to 12 quarts an acre. lb by mail 23 cts. By express lb 13 cts. peck 50c. bush. \$1.75.

BELL'S CHOICE MIXED LAWN GRASS.

A selected mixture of the best grasses for producing a fine, rich green, smooth velvety lawn. With or without White Clover. $\frac{1}{2}$ pint 8 cts. quart 25 cts. By express quart 15 cts. peck \$1.00.

White Clover 35 cts. lb. Kentucky Blue Grass 25 cts. quart. By mail.

Vine Peach

This fruit is about the size of a large peach, oval-shaped, and of a rich orange yellow. When ripe they fall from vines and have a rich flavor so that many like them raw. For sweet pickles and preserving they are superb, and may be used in every way you would use a peach. They are easily cultivated, wonderfully prolific and sure to become popular. Vines on which they grow are similar to Musk

Melons and require the same treatment. The wonderful productiveness of a plant is well shown in the illustration, pkt. 4 cts. 3 pkts. 10 cts. $\frac{1}{2}$ oz 15 cts. oz 25 cts.

Great GRAPE VINE Offer

Your selection of any 3 vines from above list mailed for 30 cents.

Vines healthy, well rooted, one year old. Should fruit in about two years.

MOORES DIAMOND GRAPE.

Fresh and Reliable

Flower Seeds Worth Planting.

It is my constant aim to cull out unworthy varieties and those difficult to succeed with and offer only the Best and most desirable sorts. This is something only an experienced grower can do; seedsmen who buy all their seed have no way of knowing its merits.

I AM AN EXTENSIVE GROWER OF FLOWER SEEDS; Growing not only for my own trade but supplying some to other seedsmen. I know that Carefully Grown, Fresh Seed such as I offer is worth incomparably more than the "Job Lot" stuff imported Sometime by Somebody, yet most seedsmen rely on their Big Catalogues to sell such as The Best, charging an extra price to convince you that it is superior.

YOU WILL SAVE ABOUT HALF AND GET BETTER SEEDS IF YOU BUY BELL'S SEEDS.

Bell's Fancy ABUTILON—Packet 8 cents.

—ADLUMIA—

13 **Girrhosa.** One of the most beautiful and rapid biennial climbers, with handsome, fine, delicate, feathery foliage, vines loaded with pinkish bell-shaped flowers. Grows 20 feet second season. Called "Allegany Vine and Mountain Fringe". pkt. 4 cts.

FLOWER SEED is all numbered. When ordering you need not write the entire name, we can fill orders just as well if you write the number before it.

PACKAGES of Flower Seed contain enough for an ordinary garden, usually from a few hundred to 1000 seeds. In many cases of large or expensive seed we give the number.

Annuals are those plants which blossom, ripen seed and die the first season; the tenderest ones are called Half-Hardy Annuals.

Biennials produce plants first season which bloom and die second.

Perennials live year after year and do not usually bloom till the second season; tender perennials must be protected in winter.

NOTICE the Low prices of the following Standard varieties of Flower Seeds. I sell for 2, 3, 4, 5 and 8 cents a packet what others charge 5, 10, 15 and 25 cents a packet for.

each or the 4 for 25 cents.
Greenhouse Seeds 25 cts. a pkt.

☉—OUR BEAUTIFUL ASTERS--CONTINUED.—☉

Plant of **SCARLET TRIUMPH ASTER.**

86 SCARLET TRIUMPH ASTER.

This is one of the most beautiful and perfect of all Dwarf Asters. It attains a height of 8 to 10 inches, making a handsome plant. Flowers measure $2\frac{1}{2}$ to 3 inches across and are of the most faultless Paeony form, the petals being beautifully incurved. When first expanded the blossoms are a peculiar brilliant scarlet, changing when full blown to a deep satin blood scarlet. packet of seeds, 10 cts.

84 BELL'S NEW YELLOW CHRYSANTHEMUM ASTER.

Heretofore the only Yellow Asters have been almost worthless. Our Yellow Chrysanthemum is one of the most beautiful imaginable and produces in the greatest profusion its massive curled and twisted blossoms which resemble hugh Japanese Chrysanthemums. pkt. 10 cts.

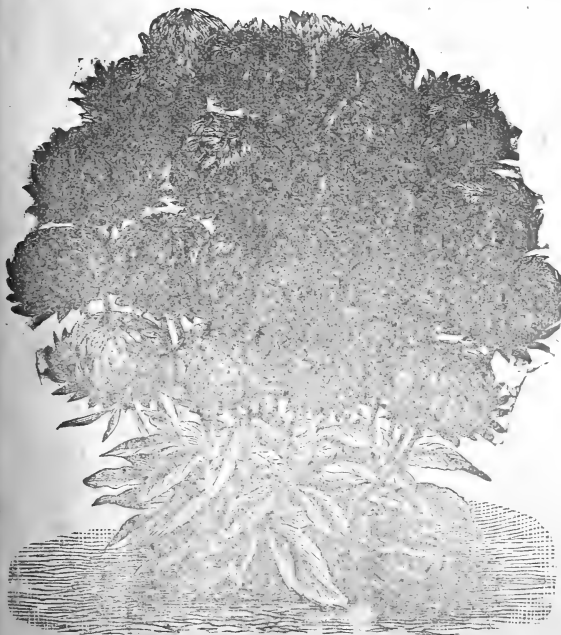

73 OSTRICH-FEATHER ASTER.

A new and novel sort of great beauty; unlike any other Aster. The petals are long, slim and beautifully curled. In addition to our new white we have now some other choice shades, these mixed. pkt 10 cts.

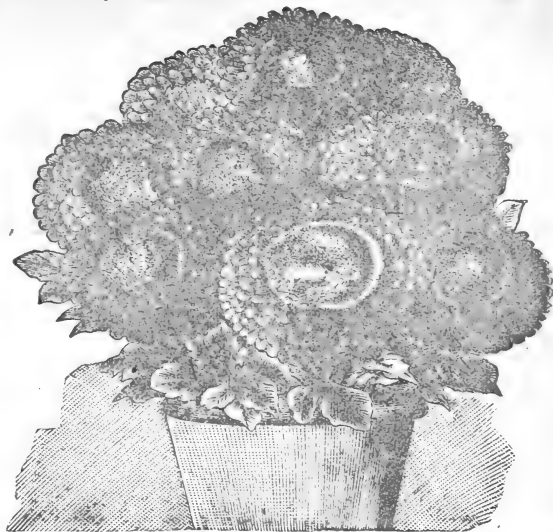

817 NEW PINE TREE ASTER.

Many pronounce this the most perfect Aster ever introduced. The plant is nicely shaped, remains in bloom a long time and the coloring is very rich being all combinations of red, white and blue. pkt. 10 cts.

Four above New Asters, 1 pkt. each for 25 cents.

BELL'S APPLE-BLOSSOM ASTER—Packet 10 cents.

85 BELL'S WINDSOR BEAUTY ASTER.

Our Windsor Beauty Aster shown in the illustration above is beyond doubt the most handsome class of Dwarf Asters ever produced. The colors are vivid and strikingly beautiful in their arrangement, the outer rows of petals being of one color while the center of the flower is another color, thus forming many brilliant contrasts. pkt. 10 cts.

3000 VICK'S WHITE BRANCHING ASTER.

This is a very late bloomer, coming into flower just ahead of Chrysanthemums and the resemblance is so close that they are often sold as such. The plant is a strong grower bearing its blossoms on very long stems making it invaluable for cutting; blossoms are pure white, extraordinary size, with broad, long, somewhat twisted petals. Will remain fresh a long time when picked. pkt. 10 cts.

75 BELL'S VICTORIA ASTERS.

For size, color, almost endless varieties and profusion of bloom, these stand almost unrivalled. A recurved variety in which the petals appear to sit tile-fashioned, one on top of the other to the center of the flower. Colors include many delicate and gorgeous shades: flowers very double 3 to 4 inches across; from 20 to 40 on a plant. pkt. 5 cts.

88 MIGNON ASTERS.

These are comparatively a new race of Asters but much resemble the Victoria but even surpassing them in freedom of flowering, producing 40 to 50 beautifully shaped, very double flowers with deeply imbricated petals, borne with indescribable grace, pkt. 8 cts.

82 BELL'S APPLE-BLOSSOM ASTER.

The symmetrical shape of the plant and its extraordinary free blooming qualities are well shown in the illustration. A thrifty upright grower completely covered with beautifully incurved blossoms of a lovely apple-blossom color; 3 to 4 inches across. pkt. 10 cts.

Other Desirable Asters.

68 GIANT COMET ASTERS. One of the most popular and desirable of all classes, embracing every color from blackest blue to purest white. Blossoms resemble large flowered Japanese Chrysanthemums with their curled, twisted petals; flowers 4 to 6 inches across, very double, much larger and finer than ordinary Comet Asters. Colors mixed. pkt. 8 cts.

70 Liliput. Very desirable for bouquets, flowers small, very double and produced in great profusion. All colors mixed. pkt. 4 cts.

72 Schiller. Fine bouquet sort; called Grace Asters. Mixed. pkt 4 cts.

76 Black Shakespear. One of the prettiest of all Dwarf Asters. Forms a compact bush 6 inches high and 10 inches in diameter; each plant forms a perfect bouquet. Globe flowered, almost black. pkt. 6 cts.

77 BELL'S BOUQUET ASTERS. Each plant looks like a bouquet stuck in the ground. Embraces widest possible range of colors and varieties. Invaluable for beds and borders. pkt. 5 cts. (see cut.)

78 Dwarf Chrysanthemum Flowered. Grows 8 inches high; forms perfect bouquet. Very choice variety. Many colors mixed. pkt. 5 cts.

83 SCARLET PRINCE. New, intense fiery scarlet. Plant pyramidal form, covered with 25 to 50 massive, dazzling blossoms. pkt. 8 cts.

800 Rose Crown. Center rose, outside blue, white, etc. pkt. 5 cts.

801 Blue Crown. Center blue, edge another color. pkt. 5 cts.

803 Lavender Paeony. Large; beautiful, incurved petals. pkt. 5 cts.

800 Queen of Spring. Blooms in mid-summer; double. pkt. 4 cts.

81 BELL'S SNOW MIXED. Hundreds of choice varieties, including everything valuable; mixed. pkt of about 300 seeds 4 cts. 3 pkts 10 cts.

34 pkts. Asters listed here for \$1.50. Catalogue price \$2.24.

Your Choice any 8 Packages for 50 Cents,

Some Beautiful Asters.

79 BELL'S IMPROVED JUBILEE ASTERS.

These magnificent Asters produce flowers 4 to 6 inches in diameter and of nearly every conceivable color from purest white to deepest purple. Blossoms are of the most symmetrical forms, handsomely imbricated, and remain in bloom a long time after most all others are gone. Plants, compact about 2 feet high with 30 to 40 large blossoms on each. pkt. 8 cts. 2 pkts 15c

80 BELL'S "DANDY" ASTERS.

A most elegant and graceful class growing 10 to 12 inches high and loaded with lovely, large, incurved blossoms of the gayest shades and combinations. Lovely verdure of foliage and profuse blooming qualities make it especially desirable for groups or massing. pkt. 8 cts. 2 pkts. 15 cts.

71 LADY ASTERS.

Foliage distinct; leaves narrow, linear-lanceolate, bright green, Graceful abundant bloomer; unexcelled for neat growth, pot culture, floral work or tasty bedding appearance. pkt. 8 cts. 2 pkts. 15 cts.

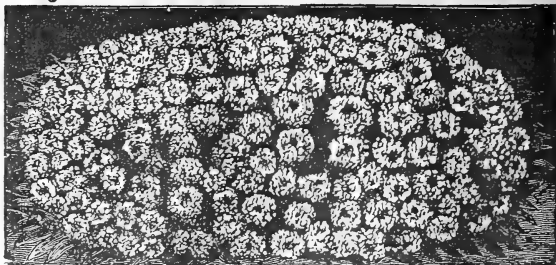

809 HOHENZOLLERN ASTER.

Unquestionably the Largest and most valuable Aster grown. Resembles great, white Chrysanthemums; 6 in. across. pkt. 8 cts. 2 pkts 15.

89 SEMPLE'S BRANCHING ASTERS.

Flowers large, 4 inches across, very double, purest colors, borne on long stems; continues blooming till frosts. pkt. 8 cts. 2 pkts. 15 cts.

Send me the addresses of people you know who would be apt to order seeds and 25 cents and I will mail 1 pkt. each above Asters.

ALYSSUM. For a bed or mass of white from spring till after hard frosts Alyssum has no equal.

27 Sweet Alyssum. Grows about 1 foot high, delightfully fragrant like other sorts. pkt. (about 300 seeds) 3 cts. 1500 seeds 10c.

28 Little Gem. Alyssum. Similar to above but more compact and uniform. Wonderful bloomer. 300 seeds 4 cts. 1000 seeds 10 cts.

29 Floral Spray Alyssum. Grand bloomer with spreading habits Plant shown in illustration above. pkt. 4 cts.

30 Saxatile Alyssum. Hardy perennial, called "Gold Dust." Flowers yellow. pkt. 3 cts.

BELL'S DEFIANCE BALSAMS.

This magnificent strain of Balsams is a selection of all the rarest, sorts procurable. Blossoms very large, densely double and of the finest colors imaginable; spotted, striped, etc. Hardly recognizable by lovers of the old single Lady Slipper.

95 Bell's Defiance Balsams Mixed. All selected varieties in splendid mixture, (see blossoms.) pkt. 6 cts. 2 pkts. 10 cts.

94 Alabaster Balsam. Flowers of great substance, pure white, so large they almost smother the foliage. pkt. 5 cts.

100 Double Mixed Balsams. All colors. pkt. 4 cts. 3 pkts. 10 cts.

Tuberous Begonias.

There is no pot plant so satisfactory or that can make so attractive a display throughout summer and autumn as Tuberous Begonias. From bulbs planted in spring they commence to lavish their massive blossoms, 3 inches or more in diameter, early in summer and are loaded with dazzling brilliancy till well into winter.

PRICE—GIANT FLOWERING TUBEROUS ROOTED BEGONIA BULBS, Single Mixed Colors, 10 cts. each, 3 for 25c. Double Mixed, Choice Colors, 1 for 20 cts. 3 for 45 cts. 7 for \$1.00. Mixed Seed, (small but usually grows with good care.) pkt. 10 cts.

112 Begonia Seed Mixed. All varieties. pkt. 8 cts.

113 Begonia, Vernon. One of the most constant and profuse bloomers known. Flowers brilliant orange-carmine; foliage a glossy red. Very desirable. pkt. of about 200 seeds, 10 cts.

Bell's Giant Calceolarias.

134 Every one who has grown these gorgeous plants for spring and early summer blooming could hardly be induced to do without them. Seed sown in spring should make plants which commence flowering by the close of following winter. The gorgeous, pocket-shaped blossoms are produced in the greatest profusion, completely covering the plants; colors are rich shades of maroon, yellow, crimson, white, etc., spotted and blotched in the

most unique and beautiful fashion. Our Giant Flowering is a very superior strain of these lovely plants and can hardly fail to please: style of growth is well shown in illustration. 300 seeds 8 cts.

Other Good Flowers.

93 1/2 BALLOON VINE. A graceful annual climber. pkt. 3 cts.

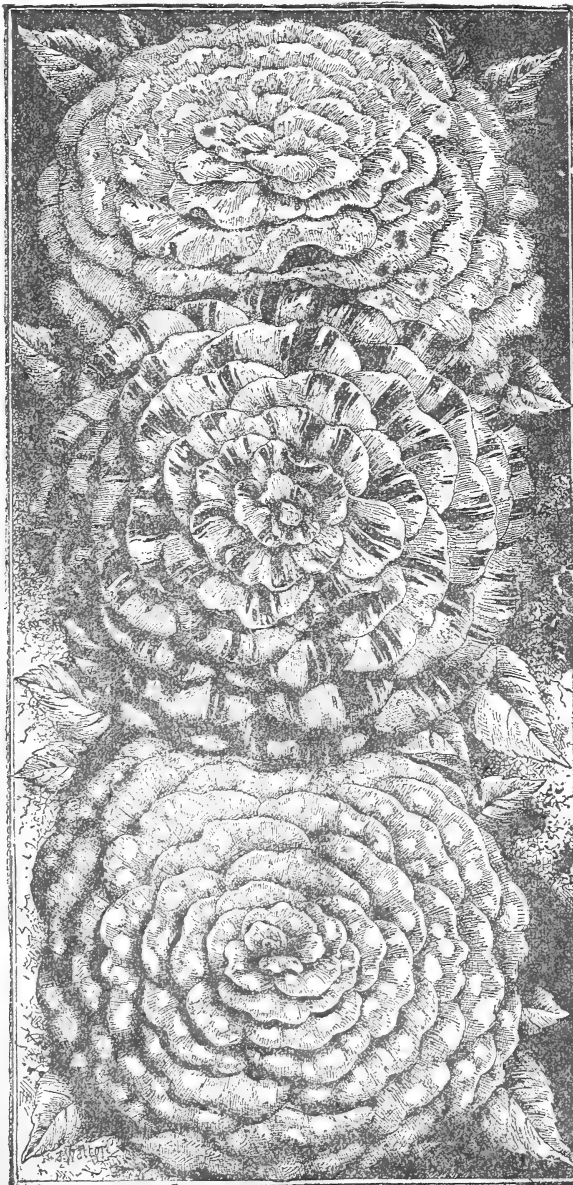

116 FOLIAGE BEETS. Beautifully veined leaves. pkt. 3 cts.

117 BIGNONIA or Trumpet Vine. Effective, hardy, woody climber. Handsome, showy, large clusters of orange-red and scarlet flowers. Very picturesque. pkt. 3 cts.

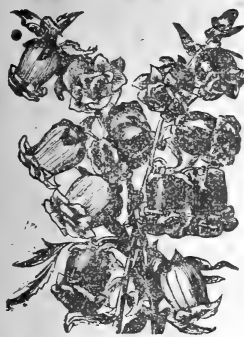

121 BOCCONIA, Japonica. Stately, half-hardy, evergreen shrub; ornamental foliage and white flowers. pkt. 3 cts.

123 BRIZA, Quaker Grass. Hardy; long racemes of beautiful rattles. Fine in winter bouquets. pkt. 2 cents.

124 BROMUS. Fine grass with hanging ears. pkt. 2 cts.

BELL'S DEFIANCE BALSAMS—Packet 6 cts. 2 pkts. 10 cts.

CANTERBURY BELLS.

Canterbury Bells.

These grow to a height of 2 to 3 feet, branch freely, and are one mass of richly colored, large, bell-shaped blossoms; you can not imagine how beautiful they are for bouquets or what show they make in the garden unless you see them.

Throughout June and July there is nothing which can make so gorgeous a display. Hardy biennial.

170 Show Mixed. All best Double and single Canterbury Bells. pkt. 4 cts.

CACTUS.

128 Choice Mixed. Odd and curious ornamental plants. Seed is from a mixture of about 200 choice sorts. Seed is somewhat difficult to grow but will usually germinate well in warm, moist sand. pkt. 10 cts.

145 Calliopsis Coronata.

This is The Coming Yellow Flower for bouquets and cutting. Differs from other calliopsis; blossoms large and borne on stems 1 to 2 feet long. Flowers bright yellow deepening to rich orange at center, elegantly punctuated with maroon. From seed sown in spring it blooms from June till frosts. pkt. 4 cts.

119 Bird of Paradise.

Rare plant with long, golden yellow blossoms $\frac{2}{3}$ inches across, which are produced in large trusses. Attractive; large, fan-shaped pistils of a beautiful, bright crimson color. Decorative foliage resembling Acacia. Plants will bloom first season from seed sown early. pkt. 5 cts.

BRACHYCOME.

122 Mixed. A compact, bushy annual 8 to 10 inches high, very desirable for borders or massing. Known as Swan River Daisy. Colors blue and white very pretty foliage. pkt. 3 cts. 2 pkts. 5 cts.

BROWALLIA.

125 Giant Blue. Bright, bushy, annual, completely studded the whole summer with handsome, large, brilliant blue flowers. Very desirable as a pot plant for winter blooming. pkt. 4 cts.

Campanula.

Fine plants, rich in colors and profuse bloomers.

148 Annual Mixed. Pretty and neat. pkt. 2 cts.
150 Pyramidalis. Handsome, hardy sort called Pyramidal or Chimney Bell Flower. pkt. 4 cts.

151 Cup and Saucer Campanula. Lovely symmetrical plants covered with 40 to 50 large Cup and Saucer shaped blossoms. Hardy. pkt. 4 cts.

CALENDULA.

Hardy annuals 1 foot high. Seed sown in spring bloom from summer till autumn. Flowers are every shade of yellow from ivory to deep orange.

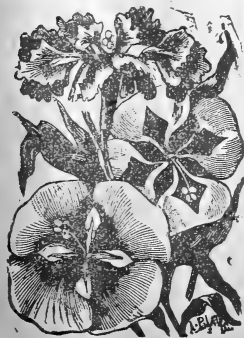

136 Meteor. Beautifully imbricated orange on yellow; especially attractive. pkt. 3 cts.

138 Double White. Handsome. pkt. 3 cts.

139 Fine Double Mixed. Choice sorts. pkt 3 cts.

CLARKIA.

208 Finest Mixed. Many choice colors of double and single. Showy and blooms very quickly from seed sown in the spring. pkt. 3 cts.

CLARKIA—pkt. 3 cts.

Giant Early Flowering COSMOS.

244 The Cosmos is one of the finest of all large ornamental annuals; grows to a height of 5 to 6 feet, branches freely, has beautiful pinnate foliage and blooms profusely till cut down by frosts. The Early Flowering blooms earlier and is much preferable to ordinary Cosmos. packet 4 cts; 3 pkts, 10 cts.

Early Dawn COSMOS.

247 This is one of the best new things I have to offer; in exquisite daintiness and airiness its effect by tossing in the air its storm of large, handsome, daisy-like blossoms can not be equalled. Sow seeds early. pkt. 4 cts. 3 pkts. 10 cts.

COSMOS.

New Giant Spotted Bell Flower.

114 An elegant, hardy biennial with large, pendulous bell-shaped blossoms of pure white striped and spotted with beautiful blue. Grows 2 to 3 feet high and remains in bloom a long time. Makes handsome plant for single specimen purposes, bedding, masses or bouquets. pkt. 5 cts.

Calliopsis.

Showy, quick blooming annual, always popular and makes a grand show. Continuous bloomers.

141 Golden Wave. Compact plants bearing hundreds of large, wavy, black-centered, yellow flowers well above the foliage. pkt. 3 cts.

142 Lanceolate. Unlike the other Calliopsis this is a hardy perennial. The large tufts send up great bouquets of long stemmed yellow flowers. pkt. 3 cts.

143 Double. Several varieties. pkt. 3 cts.

144 Finest Mixed. Many shades of yellow and orange to crimson. pkt. 2 cts. $\frac{1}{2}$ oz 10c.

NEW CANDYTUFTS.

153 Empress or Giant White Hyacinth Flowered Sends up many enormous spikes of pure white 6 in. long resembling hyacinths. pkt. 4 cts.

154 Snow Queen. An excellent dwarf, spreading large flowered, white variety; suitable for edgings or beds. Resembles mound of snow. pkt. 4 cts.

155 Queen of Italy. New, exceedingly free-flowering, dwarf, compact variety with almost evergreen foliage and beautiful pink flowers. May be grown as an annual or biennial. pkt. 4 cts.

156 Rose Cardinal. Produces large, oval heads so that a bed presents an unbroken sheet of bloom. Very showy, about 8 inches high and of a bright rosy cardinal color. pkt. 4 cts.

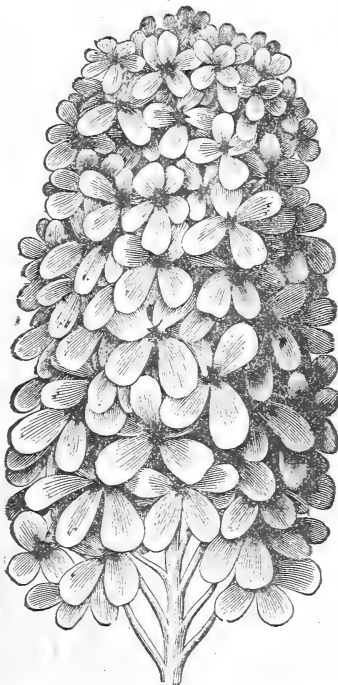

160 Fine Mixed Candytuft. Large assortment of choice sorts. pkt. 2 cts. $\frac{1}{2}$ oz. 10 cts.

161 Sempervirens Candytuft. Desirable evergreen perennial, sends up beautiful spikes of white flowers early in spring. pkt. 4 cts.

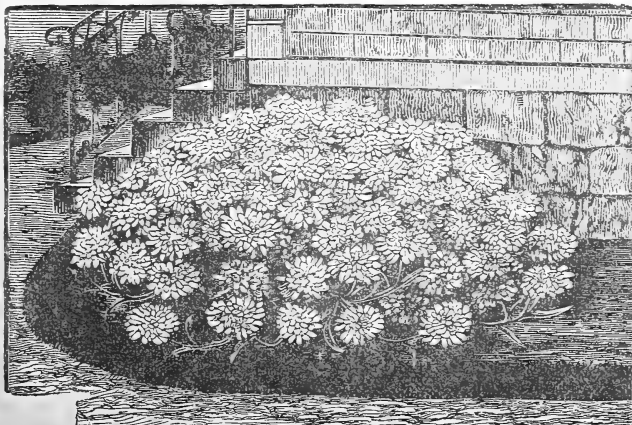

237 COMMELINA.

A dainty, delicate plant producing lovely flowers of the most exquisite blue. It is the gem of blue flowers. pkt. 3c.

Try the Great White Aster Hohenzollern. Its Grand.

EMPRESS CANDYTUFT.

SNOW QUEEN CANDYTUFT—pkt. 4 cts.

COMMELINA

OUR SEEDS WON THE GOLD MEDAL at the Pan-American Exposition for Purity and Quality.

OUR MOTTO "BEST and CHEAPEST" Make and Hold Thousands of Satisfied Customers. Read what some say.

Canary Bird Flower.

152 The handsomest and most beloved annual climber; vines grow rapidly 15 to 20 feet by mid-summer and are covered with a profusion of canary colored bloom which resemble the expanded wings of that bird when in flight. pkt. 4 cts.

CANNA.

The most popular large, stately plants for tropical effect in lawn beds. Soak seed in hot water, sow early and plants will bloom about August.

163 Mixed Cannas. All kinds. pkt 3c.
167 Dark and Red Leaved Sorts. All with fancy deep colored foliage. pkt 5 cts

169 Crozy's or Gladiolus Cannas. A magnificent, new, large flowering strain resembling Gladiolus in size but excelling them in brilliancy. Mixed colors. pkt. 8c.

Celosia-Cockscomb.

183 Mixed. Some with feathery heads, some with large combs. Very interesting and showy; should be in every garden. Some sorts fine in bouquets. pkt. 4 cts.

Centurea.

203 Double. "Double Centurea Cyanus or Bachelor Button." Very much handsomer than old single ones so common in many gardens. Best colors. pkt. 4 cts.

186 MARGUERITE. Very distinct bushy variety. Flowers large size, pure white, deliciously fragrant, round, double and deeply fringed; almost equals the Carnation for cutting. pkt. 7 cts.

Clematis.

219 Mixed. Containing all best sorts, as Jackmans hybrids, Paniculata, Flamula, Coccinea, American Blue Bells, etc. Seed germinates very slowly. pkt. 4 cts.

Clianthus.

221 Dampieri. Magnificent and curious greenhouse shrub, with long, drooping, blazing, scarlet flowers. pkt. 10 cts.

COBAEA, Scandens.

224 This is also called "Mexican Glory" It seems especially adapted for covering porches, trellises, etc. Planted in May it will climb till it reaches the roof of a two-story house, all the while bringing forth upon long, strong stems, blossoms of the most beautiful hue: crowning the flowery scene with a halo of glory. pkt 5 cts.

Coix.—Job's Tears.

Ornamental Grass, 2 feet high, with pretty hanging ears, pkt. 3 cts. oz. 10c.

CARNATION.

For delicious fragrance combined with rare beauty the Carnation has no equal.

173 Double Mixed. Hardy perennials, all colors, many of the delicate markings are exquisite. Blooms in house or out, pkt 5 cts.

178 MARGARITAE Carnation. This grand, new, perpetual flowering class has been greeted with a hearty welcome by all flower lovers. Commences to bloom in about 4 months from sowing and continue to bloom till winter; if removed to house will flower freely during winter. Our mixture of this embraces many large, handsome, double kinds. Best double mixed. pkt. 6c. 2 pkts 10c

COLEUS.

These are the well known "Foliage Plants" so often found among house plants, which for groups on lawns, ribboning, etc. are so indispensable. If started early they make fine, large plants the first season.

228 Mixed Varieties. All sorts with foliage of various colors—maroon, green, crimson yellow, etc. veined and spotted. pkt. 5 cts.

229 BELL'S INIMITABLE. Rare, new sorts with large, fancy leaves; richest and showiest colors. pkt. 10 cts. 3 pkts. 25 cts.

NEW SEED—EXTRAS in every order

CARNATION Plant.

COLUMBINE.

Showy hardy perennial making a good display before roses in June. (see cut.)

233 CHRYSANTHA. (Golden Spurred Columbine.) One of our handsomest yellow flowers. Strong grower with long spurred, pure yellow blossoms. Remains in bloom a long time, pkt 5 cts.

235 Queen Victoria Columbine. An extra fine mixture of about 20 choice varieties. pkt. 3 cts. 2 pkts. 5 cts.

Coreopsis.

236 Lanceolate. A beautiful plant for bouquets, blossoms large and yellow, borne on stems 2 ft. long—look as if floating in air. Hardy perennial. pkt. 4 cts.

245 Cowslip.

Great favorite with English people. Blooms early in spring. pkt. 4 cts.

246 Crepis.

Pretty, showy annual, blooms freely. Mixed colors. pkt. 3 cts.

248 Crucianella.

Produces clusters of pink star-shaped fragrant flowers. Hardy. pkt. 3 cts.

Cuphea—Cigar Plant.

A greenhouse plant which blooms in the garden during summer and in house all winter. Very curious.

252 Bell's Show Mixed. Blossoms intense colors. pkt. 5 cts.

3123 CENTROSEMA, Grandiflora.

A hardy perennial vine of rare and exquisite beauty which blooms in summer from seed sown in spring, and bears in greatest profusion inverted pea-shaped flowers from 1 1/2 to 2 1/2 inches in diameter, and ranging in color from rosy violet to reddish purple, with a broad feathery white marking through the center and pure white buds for a background. Stems and foliage very graceful and have a delightful odor. Blooms till frosts in clusters of 6 to 8 flowers each. Does better each succeeding season. Blossoms seem like faces. pkt. 6 cts. 2 pkts. 10 cts.

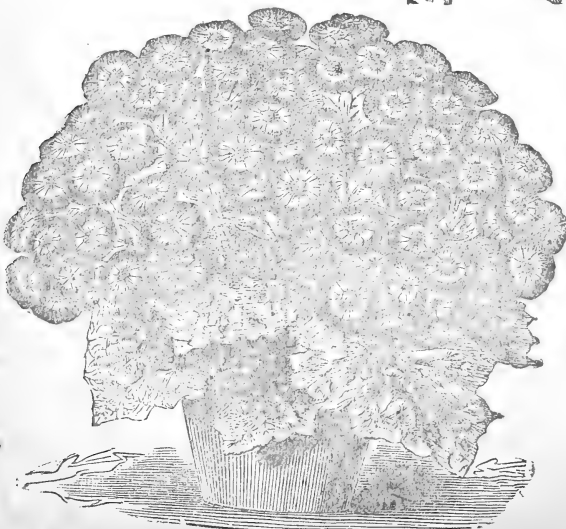

CINERARIA.

Seed sown in April or May make strong plants which are a sheet of the most vivid bloom the following winter. Colors are rich and range through all shades of light and bright blue to royal purple and deep crimson. Most varieties have a large, well defined white eye which always contrasts nicely with margin. (see illustration.)

204 Cineraria Hybrida. Choicest sorts mixed. pkt. 8 cts. 2 pkts 15c.

205 Large Flowered Dwarf. Blossoms extra large; plant dwarf, fine form, great bloomer; all colors. pkt. 10 cts.

206 Double. The best double sorts mixed. pkt. 15 cts. 2 pkts. 25 cts.

CINERARIA.

WE GROW Flower Seeds, for this reason we not only offer them Cheaper but give you BETTER, FRESHER Seeds.

DIANTHUS.

DIANTHUS PINK.

One of the most beautiful, desirable and easily cultivated of flowers. Seeds sown in spring make plants which commence to bloom by early fall, live through winter and bloom gorgeously the next season. The colors and varieties are now almost endless.

Price for any variety of Pinks mentioned here: 1 packet 4 cts. Any 3 pkts. for 10 cts.

276 **Mourning Cloak.** Magnificent double dark purple blossoms, handsomely

tipped with pure white. Showily fringed.

278 **Double Heddewigii.** Enormous double blossoms, nearly 3 in. in diameter: large variety of magnificent and beautiful colors.

279 **Japanese Pinks.** Beautiful double striped and fringed sorts.

280 **Bride or Little Gem.** Dwarf, bushy plants, loaded with large flowers of many pleasing colors and combinations.

281 **Double Laciniatus Mixed.** Very handsome class of deeply fringed pinks, rich in hue and endless in color.

282 **Diadematus.** (Double Diadem Pink.) Very regular dense dwarf growth; blossoms all colors from crimson purple to black purple; often a velvet-like radiant fire impossible to produce.

283 **Eastern Queen.** Magnificent, beautifully striped and stained, single flowers, 2 to 4 inches across.

285 **Snowflake.** Large single white flowers, finely fringed.

286 **Double Imperial.** Magnificent double sorts, many colors.

287 **Laciniatus Mixed.** Flowers very large, deeply fringed, single.

288 **Plumarius.** (Feathered Garden or Pleasant Eyed Pink.) large single, fragrant flowers; mixed colors.

291 **Double White.** Large, free flowering, double white.

292 **Dwarf Double.** Unsurpassed mixture of dwarf double sorts,

293 **Giant Fringed.** Monstrous size, extra double, fine form.

737 **Crimson Belle.** Brilliant dark red, very showy.

295 **Southern Belle.** Rich deep color, almost black; large and densely double; strong grower and profuse bloomer.

3936 **Crown of Perfection.** Immense double flowers are produced throughout the entire summer; wonderful variety of the most vivid and fascinating colors.

294 **Bell's Show Mixed.** We believe this to be the finest mixture of Pinks ever offered at any price. We grow these seed extensively and also import anything choice found among European Growers. (Same price as named for other sorts, one packet 4 cts. 3 pkts. 10 cts.)

One pkt. each above 18 Pinks mailed for 50 cents.

DELPHINIUM.

Effective hardy plants producing long spikes of brilliant bloom.

272 **New Sorts Mixed.** Rare selection of choicest sorts. pkt. 3 cts.

273 **Formosium.** Rich bright blue and white. pkt. 3 cts.

274 **Sulfureum.** "Orchid Flowered Larkspur." Blossoms a rich, sulphur yellow, greatly resembling finest orchids; hardy. pkt. 5 cts.

One pkt. each above Delphiniums for 10 cts.

MORNING GLORIES.

Popular old climbers for windows, lattices, screens, etc.

236 **Imperial Japanese Morning Glories.** Monstrous sized blossoms of exquisite colors, running through every shade and combination of purple, white, red, pink and almost to black with combinations often striking and remarkable. Grow 10 to 20 feet. pkt. 4 cts. 3 pkts. 10 cts.

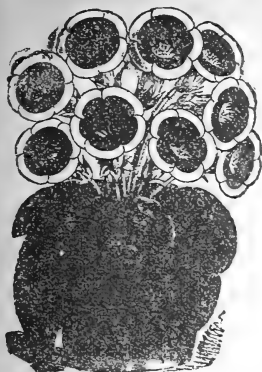

238 **Double.** All choice colors of Double Morning Glory in the best mixture. pkt. 4 cts. 3 pkts. 10 cts.

239 **Mauritanicus.** A lovely little trailer suitable for hanging baskets: bright blue. pkt. 4 cts.

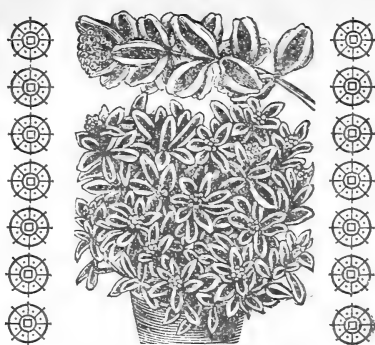

240 **Dwarf Mixed.** These are small bushy plants 1 to 2 feet in height, covered at midday with a profusion of bright, showy blossoms similar to the climbing Morning Glories. pkt. 2 cts.

243 **Mixed.** All varieties of the tall or climbing Morning Glories in mixture. These although old are a very satisfactory climber. pkt. 2 cts. oz. 10 cts.

For a Big Show in your Flower Garden Plant POPPIES and PETUNIAS.

Gay Petunias.

For a showy bed or mass, especially at a distance, Petunias have no superiors. Seed sown in spring blooms from June till frosts.

780 **Inimitable**. Extremely compact, bushy sorts; fine for bedding or pots. Loaded with bright, variously colored bloom. pkt. 4 cts.

781 **Finest Striped and Blotched**. Veined and blotched in beautiful manners. pkt. 4 cts.

783 **Bell's Show Mixed**. All the finest sorts suitable for bedding out doors. pkt. 3 cts.

786 **BELL'S INIMITABLE**. We consider this the finest collection of Grandiflora or large flowering petunias ever sold; some with cut, some toothed, some fringed, some plain edges. Very fine for house flowering. pkt. 10 cts.

777 **BELL'S ROYAL INIMITABLE DWARF DOUBLE PETUNIAS**. These being compact do away with the coarse, straggling forms so objectionable in other petunias. Plants bushy, 1 foot high, always loaded with large, double, beautifully marked and fringed blossoms of all possible colors. Desirable for a pot or bedding plant. pkt. 10 cts. 3 pkts. 25c.

778 **Finest Double Mixed**. All choice sorts of fringed and plain. pkt. 10 cts.

One pkt. each of above Petunias 25 cts.

POPPIES.

514 **Shirley**. "Silk Poppies." Colors pure, soft and varied, ranging from bluish white, rose, delicate pink, carmine, etc. to bright sparkling crimson. The vivid and intense colors blending beautifully. pkt. 3 cts.

515 **Double Carnation Flowered**. Double and full, finely cut and fringed. One of the showiest. Many colors. pkt. 3 cts.

516 **Mikado**. Charming double striped. Cut and fringed petals are tinted crimson on white base. Very handsome. pkt. 4 cts.

518 **Iceland Poppies**. Very different from other poppies; small and graceful. Hardy but blooms first year from seed. Satin-like, fragrant flowers last long when cut. pkt. 4 cts.

520 **Riverdale Mixed**. All the showiest sorts possible to procure. pkt. 3 cts. oz 10 cts.

527 **Oriental**. Grand, charming, new flashy colors. Blossoms 3 to 6 inches across, resemble paeonies. Hardy perennials. pkt. 4 cts.

529 **Fairy Blush**. Desirable; immense double flowers, white tipped rose. pkt. 4 cts.

530 **Snowdrift**. Large, double, pure snowy white. Fine. (see cut.) pkt. 4 cts.

BELL'S INIMITABLE PETUNIAS.

A Grand New ...Show POPPY.

531 **MISS SHERWOOD**. This extremely beautiful large annual Poppy is probably the showiest single variety known; blossoms are 4 to 5 inches across, pure satiny white shading toward the margin into an exquisite salmon rose, deepening at the edge. They bloom profusely the first season from seeds. pkt. 5 cts.

Bell's New Giant SALPICLOSSIS.

Salpiglossis is one of the richest hues of annuals yet it is not often seen in the flower garden. Our Giant Flowering produces not only much larger blossoms, averaging fully 3 inches across, but the colors are more vivid and strikingly beautiful, solid colors, marbled, penciled, etc. in the showiest and most fascinating styles. pkt. 5 cts.

Rhodanthe.

A handsome annual producing its pretty flowers in abundance; very showy in the garden or for pot culture. Most valuable as an everlasting; blossoms picked and dried when opening will look fresh and brilliant for years. pkt. 3 cts.

Mimulus.

424 **Show Mixed**. Very desirable as a pot plant and equally desirable for garden culture. Colors are rich and varied, marked similar to Gloxinias with rich spotted corolla. Colors range through crimson, maroon, yellow, white, pink, etc. finely spotted and blotched. pkt. 4 cts.

Salpiglossis Blossom

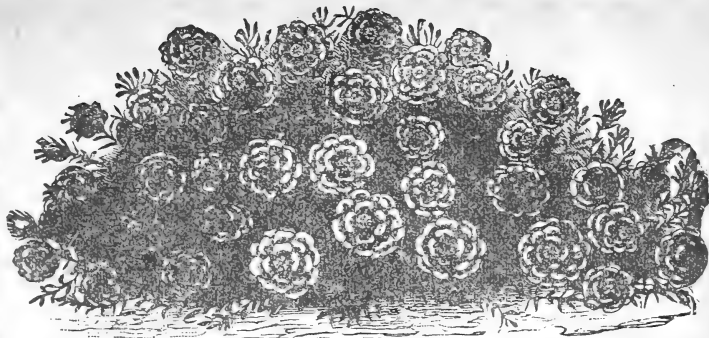

RHODANTHE.

SNOWDRIFT POPPY—Packet 4 cts.

Double SHOW PYRETHRUM—Pkt. 5 cts.

DOUBLE PORTULACCA PLANT.

PORTULACCA

For solid beds where a bright, shining carpet of bloom is required, the Portulacca has no equal; no plant can make so dazzling a show and none requires so little care. One plant will cover the ground for 2 feet and bloom all summer.

546 Mixed. Flashing colors, single and semi-double. pkt 3c.
546½ Double Rose Mixed. Choicest double colors; look like small roses. Our seed will produce the largest possible percent of double flowering plants. pkt. 5 cents.

Pyrethrum

Little known yet very desirable perennials.

606 White Bouquet. (Feverfew—Matricaria.) Small very double white blossoms borne in great profusion. pkt. 4 cts.

607 Large Flowering. Showiest, grandest new doubles. (see cut.) Desirable as Asters. pkt. 5 cts.

609 Pyrethrum Roseum. Double rose colored. Gather open blossoms, dry powder and mix with 10 times its bulk of flour, destroys insects. (Bubach—Persian Ins. Powder) pk 5-

PENTSTEMONE.

Bell's Giant STOCKS.

Highly prized for cutting, bouquets, etc.; remains fresh a long time when cut. Produces long spikes of the richest double blossoms. Our Giant Stocks are extremely good.

POMPONE ZINNIA.

A GRAND MIXTURE OF VERBENAS. Fordhook Famous.

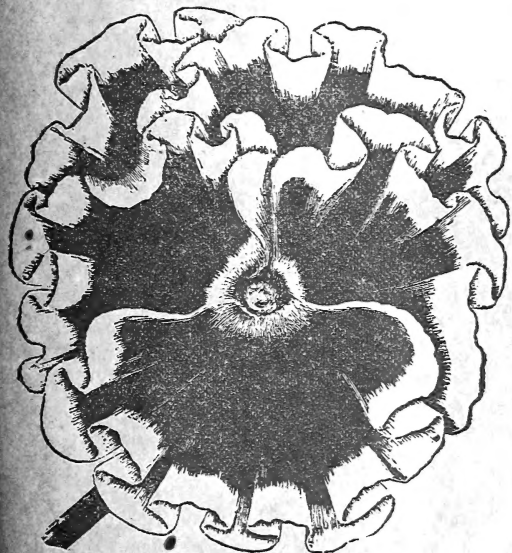

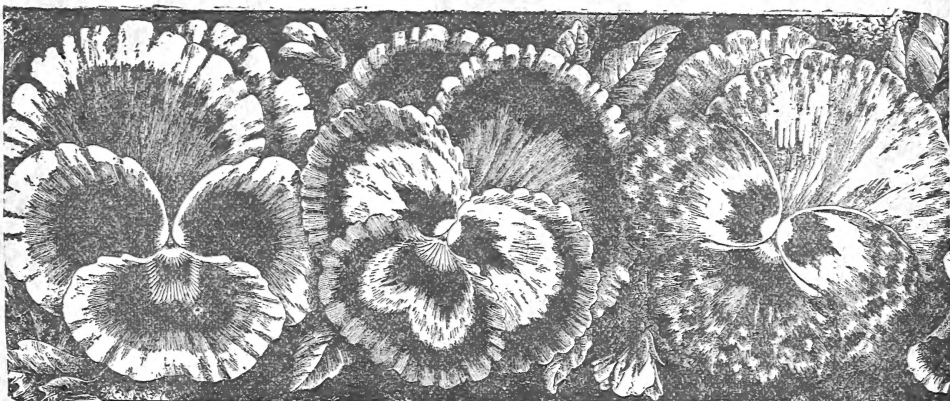

My seed of this mammoth strain of Verbenas grown from the originators best stock and can not be excelled for size and large variety of handsome colors. The trusses are very uniform and magnificent; the individual blossoms are frequently larger than a silver quarter—some nearly as large as a half dollar—and embrace a wide range of beautiful, showy colors. packet 4 cts. 3 pkts, 10 cts. 1/4 oz. 30 cts.

BELL'S FANCY GIANT PANSIES

THE DAY of Small Flowering Pansies seems past. People vie with each other in producing the Largest and most magnificent flowers. My Pansies are all the Large Flowering Varieties; nearly all the Extra Giant sorts, and yet, (see prices) I sell them as low or lower than other seedsmen who depend on buying what they can get and offering ordinary sorts as their Best. I grow Pansies in large quantities and know what good Pansies are.

We grow Pansies extensively and our mixtures of them are unexcelled. They produce their large, magnificent flowers from early in spring till buried with snow.

- 484 **King of Blacks.** Deep black. pkt. 4 cts.
- 486 **Pure Yellow.** A fine color. pkt. 4 cts.
- 489 **Mahogany.** Rich handsome. pkt. 4 cts.

CAPRICE ROSE—Plants 10 cts. each; 3 for 25 cts.

Summer Flowering Bulbs.

Blossoms of FANCY MIXED GLADIOLUS—12 Bulbs 25 cts.

A Few of the Most Desirable and Most Easily Grown.

Gladiolus. Of all summer blooming bulbs none are grander or more admired, and there is none with which everybody can be more certain of success. There are hundreds of choice and rare sorts. Each bulb sends up one or more massive spikes which are loaded with blossoms of every conceivable color and combination of colors from the most gorgeous and dazzling to softest and most delicate. As a cut flower they have no superior, lasting fresh in water for two weeks. By planting at different times, flowers may be had from July till frosts. Dry and keep from frost in winter.

Finest Mixed Gladiolus Bulbs. We have a large stock of these, made up of the finest mixture of old and new varieties. 3 bulbs for 10 cts. 6 for 15 cts. 12 for 25 cts. 28 for 50 cts. 60 for \$1.00, by mail. \$1.40 per 100 by express.

Tuberose. **EXCELSIOR PEARL.** These send up spikes of wax-like, pure white, deliciously fragrant flowers; one will scent a room with its delightful aroma. Blossom stalk grows about 2 feet high and produces 10 to 15 beautiful double blossoms. (see vase below.) 3 bulbs for 10 cts. 5 for 15 cts. 12 for 30 cts. 30 for 75 cts. by mail.

Dahlias. Grandest and most stately of all. In rich moist soil plants should commence blooming by the first of July and flower freely till cut down by frosts. There is nothing can make a grander bouquet of cut flowers than Dahlias. Some varieties resemble Japanese Chrysanthemums, others have large, broad, overlapping petals sometimes 6 inches in diameter, and others are rolled and quilled. Our mixture here offered is bulbs grown by ourselves and embraces about 40 of the showiest sorts. 1 bulb or too roots. 3 for 25 cts. 8 for 50 cts. 18 for \$1.00 by mail. By express 30 for \$1.00.

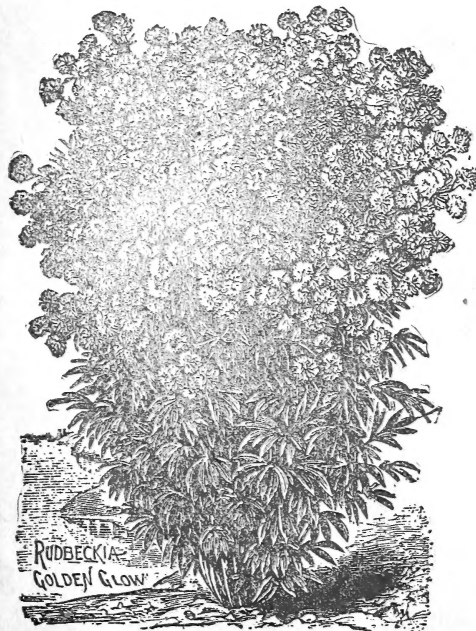

Dahlia Blossoms.

Cannas. A fine ornamental plant for lawn bedding or massing. Large flowering sorts mixed. 1 for 10 cts. 3 for 25 cts. 12 for 85 cts.
